IRVINE BACKS FIGHT AGAINST WATER BONDS

Credit Defaulters Blamed for Mix-Up in Whitney Accounts

JURY RECORD UNCOVERS SYSTEM

Title Companies Granted Time, Chief Deputy Tells Investigators
ALL ACCOUNTS PAID
Testimony of Helpers Over Office Method Is Conflicting

Who are the individuals to whom Miss Justine Whitney, county recorder, extended credit to the extent that she was unable to make her October settlement with the county until Nov. 18? Because of the delayed settlement, which was one of many said to have been caused by individuals who neglected to pay recording fees, Miss Whitney last week was named in a 32 count indictment charging her with 16 counts of misappropriation of county funds and 16 alleging failure to make and properly monthly settlement with the county treasurer and auditor.

Title Firms Paid Half
Deputies in the office of the grand jury that approximately half of the monthly fees paid into the recorder's office were paid by the title companies.

Mrs. Ruby McFarland, chief deputy, told the grand jurors, according to a transcript of the hearing, that the title companies were extended credit but that the accounts invariably were paid immediately after the first of each month. It was Mrs. McFarland who estimated that the title company business constituted approximately half the business of the office.

All Paid Up
She also told the grand jurors that all title companies had paid their October accounts shortly after Nov. 1, this year. Miss Whitney failed to make her settlement with the county on Nov. 5 as required by law. The settlement was not made until Nov. 18, after the grand jury had started its investigation.

Testifying before the grand jury Mrs. McFarland said that Miss Whitney had extended credit "mostly to individuals."

In response to the question by Foreman W. W. Hay, "Were they mostly friends of Miss Whitney's?" Mrs. McFarland answered:

Trusted Them
"No, I think Miss Whitney has always taken the stand that people who have been good enough to vote for her, if they sent papers (Please Turn to Page 2, Col. 5)

FLYING CLIPPER REACHES GUAM

GUAM, Dec. 2. (via Pan-American Airways Radio) —(AP)—The China Clipper arrived here today from Manila, 1700 miles over the Pacific ocean, in 10 hours and 50 minutes on its first return trip to California.

Darkness had fallen when the huge flying boat roared in from the west.

Capt. Edwin C. Musick radioed he sighted the beam of the light-house at Rote Point at 6:30 p. m. (12:30 a. m., Monday, Santa Ana time).

'Liquor in Saddle in Washington,' Says Keynote Speaker

'CRUSADE' IS STARTED
'Proponents of Repeal Deceived People,' Declares Leader

ST. LOUIS, Dec. 2. (AP)—"Liquor is in the saddle at Washington and its apologists are riding whip and spur through all the states," Bishop W. N. Ainsworth of the Southern Methodist church charged yesterday in the keynote address at the Anti-Saloon league of America's convention.

The Macon, Ga., churchman's speech was heralded by dry leaders as the sounding cry of a new crusade against alcohol by a rejuvenated Anti-Saloon league.

'Enslave the Masses'
"No wolf pack ever exhibited greater thirst for blood than the liquor and brewing interests are now exhibiting in their purpose to enslave the masses in habits of drink and then deliver them like cattle to the politicians for their political purpose," he asserted.

"This unrestrained program is both the indictment and peril of an administration that has done many things of genuine merit."

'People Deceived'
"The American people were deceived by the proponents of repeal."

"They pledged a program of real temperance under government direction and control, but the world knows that alcoholic liquor is being released in an unrestrained flood upon the land, when millions are living in a bleak winter of economic discontent and war-time powers are being evoked to protect the people from unusual peril."

Powerful New Death Ray Ready For Work at Univ. of California

(Copyright, 1935, by Associated Press)
BERKELEY, Dec. 2. (AP)—The set-up for man's first experiments with a ray 14 times more lethal than X-rays, so powerful that approach is unsafe in any direction at less than 50 feet, is ready for work at the University of California.

The ray is a powerful beam of neutrons, the ultimate particles of atoms discovered four years ago by English scientists.

The first sizable beam of neutrons is produced here in the heart of a magnetic field of an 80-ton magnet by a method discovered by Prof. E. O. Lawrence of the University of California.

Vast Possibilities
Involved, though at present unpredictable, are possibilities for medicine, alchemy, chemistry and industry. The neutrons, streaming in all directions from the huge magnet, are not stopped by any known type of shield, not even by lead.

They pass through the yard thick metal coils of the magnet like so much paper. Water is better than anything else as a protector. It slows them down.

Faces Charges

Charges of assault with a deadly weapon with intent to commit murder were filed today against Mrs. Dorothea Wendt Longcope, above, mother of Jesse Livermore, jr., in Santa Barbara. Mrs. Longcope, also known as Mrs. Livermore, is charged with attempt to commit murder when she allegedly shot young Livermore in a drunken argument last Friday.

Mrs. Livermore Facing Assault With Intent to Murder Charge

(For Editorial Comment, See Page 20.)

SANTA BARBARA, Dec. 2. (AP)—A charge of assault with a deadly weapon with intent to commit murder was filed today against Mrs. Dorothea Wendt Longcope, who shot her 16-year-old son, Jesse Livermore, jr., last Friday.

Taken from her jail cell to justice court, Mrs. Longcope was arraigned before Justice of the Peace Ernest Wagner, who set Dec. 9 for her preliminary hearing. Her bond was set at \$3000 cash and \$6000 property. She was taken back to jail while her attorney, Harrison Ryan, made arrangements to meet the bond.

Boy May Be Present

The complaint stated that Mrs. Longcope was "also known as Dorothea Wendt Livermore." She is the divorced wife of Jesse Livermore, sr., sensational Wall street trader who has made and lost millions.

Martin Coen, chief deputy district attorney, said he hoped to have Mrs. Longcope's son in court for the preliminary hearing, and that if the boy's condition is such he cannot be removed from the hospital next Monday the preliminary hearing probably would be continued.

Strength Ebbes

The complaint was signed by Undersheriff Jack Ross. Infection and pneumonia have become double threats to the life of the Livermore boy, as his strength ebbed from a bullet wound suffered in an asserted drunken quarrel with his mother.

Roomer Charged With Affection for Wife of Burbank Man

LOS ANGELES, Dec. 2. (AP)—Seriously wounded in a shotgun "love duel" that climaxed a quarrel, Henry Baer, 38, was held today on suspicion of murdering Ozzie Christensen, 48, Burbank, Cal., cement worker.

Baer told Capt. Norris Stensland of the sheriff's office that Christensen's belief he had been "playing up to Mrs. Christensen led to the shooting."

Duel at Newhall

The two men, with a companion, Reuben Smith, were on a hunting expedition near Newhall when the savage duel occurred yesterday.

"When we got into the hills Christensen told Smith to hunt up one canyon and said we would go up another," Stensland quoted Baer, his mouth torn by shot, as saying.

"Got Up and Fired"
Christensen pointed his gun at me and said, 'I'm going to let you have it.' I ducked behind a bush as he fired three times. Then a shot hit me and I got up and fired, apparently striking him in the face.

"He said he was going to finish me off. I said: 'Oh, no, you're not.' He was crouched about three feet away, partly turned towards me. I shot him."

The last discharge, Stensland said, tore off the back of Christensen's head, causing instant death. Smith came upon Baer as he went toward the highway for aid.

Mrs. Christensen said Baer had been living at their home for two years and, emphatically denied there had been any affection between the roomer and herself.

BOY SPENDS 10 DAYS IN ICE

BALTIMORE, Dec. 2. (AP)—A 14-year-old youth was taken from an ice-packed refrigerator car in which he said he had been locked for 10 days without food. He identified himself as Glenn Boldian of Motley, Minn.

Both his feet were frozen, and he was helpless from cold and hunger. Physicians said, however, he probably would recover.

The youth told the officers he crawled into the lettuce car with five other boys at Salinas, Calif., on Nov. 22. He fell asleep, he said, and when he awoke the others were gone and he was locked in.

England Likes Garbo's Hat, So Laguna's 'Chuck' Reisner Will Go to London to Direct Films

By ROCH BRADSHAW

America and England are at war again because the world likes the way Greta Garbo wears her hat.

This time it's a world wide war of the silver screen. The ammunition is being manufactured in studios in Hollywood and London. Motion picture projectors are the "Big Berthas" and they fire their shells at screens in thousands of far flung theaters which make up the battle front in the war.

Orange county has a part in this war. It is sending "Chuck" Reisner, Laguna Beach movie director for Metro-Goldwyn-Mayer, to London. He leaves on Wednesday with Mrs. Reisner and their son, "Dinky" Dean Reisner. The family was getting ready to shove off yesterday afternoon. They will be gone for a year and "Chuck" will make three comedies. They will be fired at audiences in theaters throughout the British Empire.

This war is not merely a struggle for business between English and American producers. It goes deeper than that. It is a battle on the part of British manufacturers to maintain and build up a demand for their goods in world trade. And underneath all that is another struggle more far reaching still—the struggle of England to maintain its culture against the

ever-advancing tide of American ideas, American ways of doing things, American ways of living—even American ways of making love.

All this is because the whole world likes the way Greta Garbo wears her hats, the kind of clothes Clark Gable wears, the kind of furniture and houses seen in American films, or the kind of concrete mixers seen in newsreels.

American films dominate the world because they got an early start and because the world likes the polish, the punch and the slant on life depicted in American movies.

England has the highest salaried movie actress in the world, but who ever heard of Gracie Fields? Who cares how she wears her hats?

When you see an Englishman in a picture, what is he? Usually he's a butler bowing politely to the orders of a bloated American brewer who orders drinks for his gang.

"England doesn't like this. It isn't good propaganda to spread through the British Empire," remarked "Chuck" Reisner yesterday in his Laguna Beach home. (Please Turn to Page 2, Col. 3)

CITY HALL IS OPEN TODAY

Dedication Rites for Structure to Begin at 3 Tuesday

Santa Ana's new city hall was open for business today. Tomorrow it will be dedicated at ceremonies starting at 3 p. m. with a concert by the municipal band.

On Saturday and Sunday the city offices transferred from the Santora building to the new structure which has just been completed.

Following an overture by the band, the dedication program will start at 3:30 p. m. It will be broadcast over KREG between 3:30 and 4:30 p. m. Councilman Joseph P. Smith will preside at the ceremony, at which a plaque telling of the city hall will be placed by officers of the Native Sons of the Golden West.

A platform will be erected for the speakers and honored guests. From this platform the dedication speech will be delivered by Harwood. (Please Turn to Page 17, Col. 3)

DEATH TAKES SCIENTIST

Co-Discoverer of King Tut's Tomb Succumbs to Mystery Malady

NEW YORK, Dec. 2. (AP)—Dr. James H. Breasted, 70, noted archaeologist and head of the Oriental Institute of the University of Chicago, died early today at the Presbyterian medical center.

Hospital authorities in announcing the scientist's death, maintained the same secrecy as to the cause as they had concerning his strange illness.

Stricken on Ship
Dr. Breasted was stricken last week aboard the liner Conte di Savoia en route to the United States. His illness was first diagnosed as tropical malaria, but later it was said he was suffering from an undetermined malady.

The archaeologist was one of the discoverers of the tomb of King Tutankhamen, on whose walls were engraved the words: "Death shall come on swift wings to him that toucheth the tomb of Pharaoh."

Ridiculed Curse
Dr. Breasted, however, had frequently ridiculed this curse. It was said the family of the scientist would later issue a complete bulletin of the illness and death.

Several months ago he was asked about the curse on the walls of Tutankhamen's tomb.

"Tommyrot," he explained, adding: "I defy the 'curse.' And if any one was exposed to it, I was. For two weeks I slept in the tomb of Tutankhamen and took my meals there. I never felt better."

Several of those with Breasted in the opening of the tomb have died, including Lord Carnarvon.

SEES FIRST 'TALKIE' HERE Gets 'Kick' Out Of It, Too!

This is a real "Believe It or Not" story—Mr. Ripley and Mr. Hix, take notice.

On Thanksgiving day Deputy Sheriff John Ryan, who has been a resident of Orange county for 60 years, saw his first talking movie picture. It was the first time he had been inside of a theater in 15 years.

For his initiation into the realm of talkies, Deputy Ryan chose Will Rogers' last film, "In Old Kentucky."

"By George, I got a kick out of it," Mr. Ryan told friends. "There those people were, talking and singing and laughing. I could hardly believe it. When they had

that horse race, it was all I could do to keep from yelling, it seemed so natural."

Deputy Ryan said the picture had been shown to him in the beach, and I had motor trouble here in Santa Ana, so my wife said we might as well go to the show. That's how it happened. I saw my first talking picture. It was great, believe me, and I'm going to a lot more of them from now on."

WILL PROVIDE MONEY FOR BATTLE

Opposition Opens Office in Santa Ana; Backers Will Meet Tonight

DISCUSS PROGRAM

Supervisors, Newspaper Men Will Talk Over Dec. 12 Election

James Irvine will be an active opponent of the county water program, on which the people will vote Dec. 19. Not only will he oppose the \$6,620,000 bond issue but he also will help finance the campaign against the program. This was revealed today by J. C. Metzgar, director of the campaign against the bonds, as he took charge of the offices of the opposition in the Ramona building. This building, at Fifth and Sycamore streets, is owned by Mr. Irvine.

Mr. Metzgar, who also directed the campaign against the water program in 1929, said that Mr. Irvine will help to finance the activities of the Associated Water Users of Orange county. This organization fought the bonds during the recent campaign which ended Oct. 4.

May Be "Little Short"
"We may be a little short of money this time," said Mr. Metzgar today. "Mr. Irvine figures the people will defeat the bonds anyway and that they won't be much need for large sums of money. We hope to get contributions from other sources, too."

In the meantime the citizens committee supporting the bond program was preparing to open offices tomorrow at 504 North Main street. Larry Golden and Harry Welch, who were in charge of the office during the recent campaign, will be in charge again.

Further plans for a determined campaign to put the water bonds over will be made at a meeting of the executive committee at the Green Cat cafe at 7 p. m. today. This meeting will be attended by newspapermen from throughout the county and by members of the board of supervisors. W. H. Spurgeon, chairman of the citizens' committee, will be in charge.

The water program will be discussed fully and frankly. The supervisors will be asked to outline the reason why the bond issue for the present campaign has not been reduced although it is known that a lower figure than the one set up in the Elliott plan, which is the basis of the water program.

One Explanation
It has been explained before that one reason for this is that General Jackson of the army engineers, who will construct the Orange county dams if the bonds carry, has said that unless the county can show that it has voted (Please Turn to Page 2, Col. 3)

JOBS INCREASE POINTED OUT

WASHINGTON, Dec. 2. (AP)—Harry L. Hopkins, relief chief, published figures today to show unemployment decreased 3,000,000 in the first two years of the Roosevelt administration.

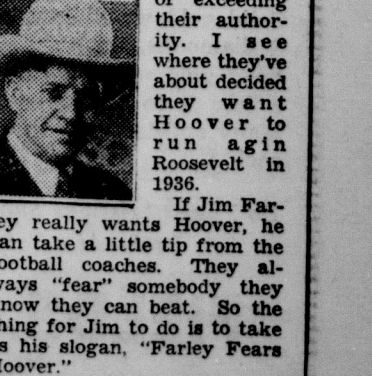

Workers jobless last March totaled 12,000,000 as against a peak of 15,000,000 in March 1933, and 3,000,000 in March 1929, the announcement said.

Tom Berry Sez:

PIERRE, S. D., Dec. 2.—Looks to me like Jim Farley and Senator Guffey are exceeding their authority. I see where they've about decided they want Hoover to be succeeding Roosevelt in 1936.

If Jim Farley really wants Hoover, he can take a little tip from the football coaches. They always "fear" somebody they know they can beat. So the thing for Jim to do is to take as his slogan, "Farley Fears Hoover."

ETHIOPIANS MASSED 400,000 STRONG FOR ATTACK ON ITALIANS

HUGE BATTLE IMMINENT IN NORTH

Britain Studies Plan for Oil Embargo as Peace Talk Fades

By the Associated Press
Indications that a possibly decisive battle may be imminent were seen in a report in Addis Ababa that 400,000 Ethiopian soldiers were massed against the Italians in Northern Ethiopia.

This report said Ras Seyoum and Ras Kassa, two of Ethiopia's leading generals, had combined their forces for a general offensive against the Italian troops which have pushed far south of their bases of supply.

Selassie at Dessye
Emperor Haile Selassie was at Dessye, not far south of the troop concentration and Ethiopian sources thought it likely the emperor has established his headquarters at a position to be close to the scene of combat.

The British cabinet debated today the problem of tightening the iron ring of sanctions imposed on Italy for initiating a war of occupation in Ethiopia.

Study Oil Embargo
Talk of peace in East Africa languished as Britain's attention turned to an oil embargo to freeze that nation into submission to the will of her sister states in the League of Nations.

Premier Mussolini at the same time took steps to "mobilize" the women on the Fascist domain for a final fight against the penalties.

Italian business leaders in Rome said today that trade was slackening and that problems of labor and business credit were developing as the result of League of Nations sanctions.

They said that the imports and exports, which normally totalling about 1,000,000,000 lire (about \$80,000,000) monthly, were being cut to a point where estimates as to possible averages were possible.

Wages for Million
They suggested that if this trade were only halved, the reduction would be equivalent to the wages paid monthly to nearly 1,000,000 men.

MORE ABOUT DEATH RAY

(Continued From Page 1)
stepped up, in another form, to 4,500,000.

The neutron beam is controlled as easily as an electric light. It goes on or off instantly with a turn of the switch under the pilot's hand.

Water Protection
Between the control board and magnet tanks of water are placed, set so that a wall of water three feet thick interposes between magnet and control panel. The water is added protection against the ray.

The danger zone was found by experiments with rats. An animal spending an hour an inch or two from the neutron pill-box suffered a white blood cell count drop from 10,000 down to 2000.

Death To Rodents
Two hours of similar exposure always killed the rat within 48 hours.

This destruction of white cells is 14 times faster than that caused by X-rays from a 900,000-volt tube. Seven units of neutrons did the destructive work of 100 units of X-rays.

But the neutrons are not merely more powerful destroyers than X-rays. Their effects are different. Rats, for example, dying of X-rays, were unmarked. Those killed by neutrons developed ulcers.

The California neutrons and X-rays both inhibit growth of wheat seedlings. But the neutrons are twenty times the more effective. Placed a silver dollar 12 feet from the beam's pill-box and in two minutes the coin is radioactive. It is like a piece of radium, except that its rays are extremely weak. The neutrons transform a little of the silver into a different kind of chemical element, which disintegrates, giving off radium rays as it does so.

A question tangent to the problem of an oil embargo presented itself to the British cabinet. It was, would the United States join in closing its market to Italy if the league institutes the embargo?

Fascists Shift Troops
Emperor Haile Selassie, at the war front, settled down to a military routine after a trip from his capital, Addis Ababa. Thousands gathered in the sun-scorched square at Dessye, strategic troop concentration point and his headquarters, where picturesquely-clad chiefs prostrated themselves before the red ceremonial tent in which the King of Kings sat on a red-upholstered throne.

Reports received in London said Italian troops were being transferred from the Brenner pass, on the Italo-Austrian frontier, to the Italo-French border.

MORE ABOUT REISNER

(Continued From Page 1)
as he prepared to leave for the "front" in the battle of the films.

"It used to be the other way, but now the British have 65 per cent of the world's theaters and the United States only 35 per cent. The British want to get that business for their films."

They want those millions of people to know and like their hats and clothes and furniture and concrete mixers. They want the world to know that England is made up of something besides butlers. That's why there's going to be a war of the films.

That's why "Chuck" Reisner is going to England to make three pictures for the British Gaumont studios, starring Jack Hulbert. That's why England is making a drive to secure American directors and actors. American movie folks have the technique, the punch, the slant to put English films across. And it looks like they've got to be put across if England is to maintain its film business, its foreign trade, and even its culture.

American producers, too, have their eyes on the 65 per cent of the world's theaters, which lie in the British Empire.

"That's why we're getting pictures like David Copperfield," explained "Chuck" as he loafed on a studio couch. Mrs. Reisner, busy packing, called to him from another room and wanted to know what he was doing. "Talking," he called back and went on explaining, for he was "wound up" now.

"We're going to have more American-made pictures like that, based on English stories. Americans don't care what part of the world a picture movie is laid in so long as it's a good picture. But to capture trade in these theaters in the British Empire, producers will need stories like David Copperfield with an English setting."

American producers aren't stopping at that, either. They are establishing studios in London so they can release their films through channels. This will give them a better "edge" on the business.

"And out of it all will come a better type of pictures, better technique," predicted Mrs. Reisner. "The combination of the best in the English methods and the best in American ways of doing things will bring about a new and better motion picture for both countries."

In the opposition camp in the Ramona building, 417 North Sycamore street, it was announced that Everett White will be in charge of the organization in the office. Mr. White occupied a similar position in the last campaign. The position now held by Mr. Metzgar was handled by A. F. McCaye.

Have Publicity Man
A. B. Berry, who said today that he had stopped working as a reporter for the Register Saturday night, will write publicity for the Associated Water Users. Mr. Metzgar said. Mr. Berry also is publisher of The Independent, a green weekly newspaper supposedly financed by contributions from Democrats.

Mr. Metzgar indicated today that the opposition campaign will focus on the fact that the present proposed bond issue has not been lowered, despite the knowledge that rights of way can be secured for less than the amount set up in the program for the last election.

The opposition campaign also will stress the contention that the cost of the program is not commensurate with the benefits to be gained. He said that Mr. Irvine's engineers have so advised him, and that this is one of Mr. Irvine's reasons for opposing the program.

Mr. Metzgar said that he and Mr. Irvine, as well as others in the Associated Water Users organization, would have supported the modified plan which both the county consulting engineers and

AGED MOTHER IS SAVED

Mrs. Anna R. Arslanian, 80, today probably owed her life to quick action on the part of her daughter, Mrs. C. J. Lyons.

Mrs. Arslanian, who lives in a cottage at the rear of the Lyons home on Miller road near Orange-thorpe avenue, stood too close to a gas heater early this morning and her dress ignited. Screaming frantically, she rushed from the house. Mrs. Lyons heard her cries and swiftly wrapped the victim in a blanket and rolled her in the dirt, smothering the flames.

The aged woman suffered first and second degree burns which sheriff's officers said probably would not prove fatal.

SEEK RECALL OF JUSTICE KUCHEL

Petitions seeking the recall of Justice of the Peace Charles Kuchel, Anaheim township, on the grounds of incompetency, were filed today with County Clerk J. M. Backs.

The petitions were filed by Alva E. Hargrove and L. J. Heffner, both of Anaheim, and are said to contain 1304 signatures or 20 per cent of the total township vote cast at the last general election.

Notified that the petitions had been filed, Justice Kuchel today declined to comment on the action other than to say "I had heard that signatures were being sought for such a petition."

Mr. Hargrove, one of the circulators of the petition, was a candidate for the office held by Justice Kuchel at the last election and was defeated by an approximate majority of 250 votes.

Mr. Heffner was at one time a deputy sheriff under Sheriff Sam Jernigan and was assigned to the motorcycle squad before the state took over traffic law enforcement on state and county highways.

Justice Kuchel has served in that office for the past 11 years and has three years remaining of his present term, having been re-elected last year.

County Clerk Backs has 10 days in which to check all signatures on the petition and certify as to its sufficiency or insufficiency. Should he find that there are not enough valid signatures, this fact would be certified to the circulators who would have an additional 10 days in which to obtain the necessary signatures.

When the additional signatures are obtained the petition would again be filed with the county clerk who would have an additional 10 days for certification.

REPEAL'S BIRTHDAY FINDS NEW CONTROL SOUGHT

WASHINGTON, Dec. 2. (AP)—Repeal's second birthday, Dec. 5, will find the government building its second post-prohibition control system for the whisky, wine and beer trades.

The Federal Alcohol administration, created to replace a system that died with NRA, is preparing new standards and definitions, new branding and advertising rules designed to have the full weight of law when issued by Administrator Franklin C. Hoyt. With more than 3500 liquor and wine producers and importers already under permit, the FAA is working now to register all wholesalers before March 1.

Through power to revoke or suspend permits, Hoyt holds life-or-death rule over the liquor companies. A new enforcement machine is being primed to replace the code authorities which ruled the industry under the first post-prohibition set up, the Federal Alcohol Control administration.

The army engineers have refused to approve. Names of the executive committee which will function this time for the association will be announced in a day or two, said Mr. Metzgar.

in without the money, if she knew them and they lived in the county, she put the papers on and trusted that they would send the money in."

Friends of Miss Whitney are taking the position today that if such is the case and her shortage, which made it impossible to make settlement on the date it was due, was caused by their failure to pay their bills, these individuals should make such restitution, identify themselves and aid Miss Whitney to clear herself of charges that she misappropriated county funds.

Conflicting Testimony
Conflicting testimony relative to the amount of credit business transacted through the office was given the grand jury by Mrs. McFarland and Miss Nellie Calombrini, a deputy recorder.

Miss Calombrini, who told the grand jurors that "I took the cash that comes over the counter from papers that are recorded," denied that she had ever extended credit to anyone other than the title companies.

Her testimony pertaining to the collection of money for recording papers follows:
Q. "You say at times that you take money from anybody who comes to file a paper. Do you ever extend credit to them?"
A. "No sir."

Credit To Title Firms
Q. "Do you know of anybody else extending credit to them?"
A. "Yes sir, the title companies are extended credit."

Q. "Insofar as you know, it is only the title companies who have had the benefit of any credit from the filing of papers?"
A. "Yes, sir."

Q. "When the title company comes and places some papers, or instruments, to be recorded and you take them, you understand that they have that account and it is not necessary to pay the fee?"
A. "Yes, sir."

Q. "Anybody else, however, you insisted upon the money?"
A. "Yes."

Checks Turned Over
According to a report today, Miss Whitney has turned over to the grand jury all cancelled checks representing her monthly settlement with the county treasurer and auditor.

It was these cancelled checks that the inquisitorial body had demanded after returning the indictment against Miss Whitney last Wednesday. At the time Miss Whitney appeared before Presiding Judge James L. Allen in superior court, her attorney, S. B. Kaufman, requested that Miss Whitney not be required to appear before the grand jury again as that body had apparently completed its investigation as indicated by the indictment and had no further jurisdiction.

The agreement to turn the checks over, however, was agreed to upon stipulation between Assistant District Attorney James Davis and Mr. Kaufman, according to Mr. Kaufman.

\$900,000,000 LOAN ASKED BY U. S.

WASHINGTON, Dec. 2. (AP)—The public debt headed for a new high today as the treasury sought \$900,000,000 for work relief financing and ready cash.

If the full loan is raised the debt will reach approximately thirty and one-half billion dollars.

Secretary Morgenthau's statement offered for cash subscription a \$450,000,000 issue of 2½ per cent 10-year bonds, and an equal issue of 1½ per cent five-year notes.

Full subscription of the cash offering would bring the total of such borrowings since July 1 to more than \$1,700,000,000. According to President Roosevelt's recent estimates, this would leave about \$862,000,000 to be raised during the last half of the fiscal year, assuming the entire sum allocated for recovery and relief is to be spent.

TWO BIG EVENTS PROCLAIMED

Mayor Fred Rowland today officially set aside tomorrow afternoon as a time for celebration suitable to the joint occasion of the dedication of the new city hall and the launching of the Christmas festival here. His proclamation follows:

"BY VIRTUE OF THE AUTHORITY in me vested, as mayor of the City of Santa Ana, I, FRED C. ROWLAND, do hereby proclaim that the afternoon of Tuesday, the third day of December, 1935, A. D., be and the same is hereby set aside and dedicated as a time for celebration and festivities, suitable to the joint occasion of the completion and dedication of the city hall of this city, and of the opening of the Christmas season for the year 1935."

The firing of the "Nine o'Clock Gun" at Portsmouth, Va., is a survival of ante-bellum days when Negroes were not allowed on the streets after 9 p. m. and were thus summoned to their quarters.

this city shall observe this date and time as a period of rejoicing and that all business shall join in the spirit of the occasion.

"I FURTHER proclaim that all business and offices of the official municipality shall be closed to the transaction of official business after the hour of 1 o'clock p. m. of said third day of December, 1935."

HIGH SCHOOL P. T. A. MEETING CANCELLED

Cancellation of the Santa Ana High school Parent-Teacher association meeting which was to have been held tomorrow night at the school was announced today by Mrs. E. H. Elaner, president.

Conflicting meetings and the city-wide business section parade were felt sufficient reason to disperse with the meeting. No session will be held again until January.

SYNOD DEALT DEATH BLOW BY NAZIS

Right of Church Taxation Denied by Government and Funds Collection

BERLIN, Dec. 2. (AP)—Hans Kerl, head of the national department of church affairs, dealt a deadly blow to the Protestant Confessional Synod today by depriving it of all authoritative and administrative rights.

Kerl's action followed his application yesterday of a censorship on the confessional synod, preventing pastors from sending communications which have not been approved by him.

Although today's decree did not mention specifically the Protestant Confessional Synod, the right of church taxation, collection of funds and convocation of synods was forbidden to the opposition groups.

Nazi church officials, appointed by Kerl's edict of Sept. 24, were given full authority.

TIN CAN TOURISTS' MEET Travelers Gather In Florida

DADE CITY, Fla., Dec. 2. (AP)—Members of the Tin Can Tourists of the world backed their comfortable traveling "homes" to the municipal camping grounds today for a week of fun.

A unique organization with 36,000 registered members, the association works to promote friendship and cleanliness in camps. Its slogan is "No Pests! No Dues! No Gruff!" The chief link between members is a love of the open road.

Most of the Tin Canners are in comfortable circumstances and some are wealthy. They swing merrily about the country with house-car trailers, to Florida in the winter, to summer resorts when it is hot. The gathering here is the first of the winter. It is informal, but 300 to 400 of the rolling "outfits" are expected.

"Camping surely has changed since the 'camp fire' days when, after struggling over terrible roads, we cooked outside tent fires," volunteered Mrs. M. W. Currier.

She and her husband have been rambling for 11 years.

All studied with interest the ultra-modern trailer of Mr. and

FINE STUDENT FOR BEATING MAN, 67

CAMBRIDGE, Mass., Dec. 2. (AP)—A fine of \$100 and a suspended sentence of six months in the house of correction were imposed on Bennett J. Ryan, son of a wealthy New York publisher today, for an assault on a Harvard university janitor.

Ryan, who was dropped as a student by Harvard, was convicted

of assault and battery on Frank Foster, 67-year-old janitor, during a fracas after a football game Oct. 25.

A good pond of water should produce as many pounds of fish per acre as a pasture will produce pounds of beef, says L. A. Whitford of the University of North Carolina botany department.

CANADIAN FARMER IS WHEAT KING

CHICAGO, Dec. 2. (AP)—W. Freelan Welford, grain farmer from Stavely, Alberta, Can., was crowned Wheat King for 1935 at the International Livestock exposition's 17th annual grain and hay show today.

Welford won the title with grain of the Reward variety. His sample weighed 66.6 pounds a bushel.

POISON FOOD KILLS THREE

SAN FRANCISCO, Dec. 2. (AP)—Men searched San Francisco garbage dumps today for tin cans which originally contained the Italian delicacy blamed for the deaths of three Thanksgiving feasters and the serious illness of nine others.

The cans had contained antipasto, imported from Italy nine years ago and left on a grocer's shelves for the past five years.

Botulism from eating the antipasto killed Isolina Lucchesi, 13; and her aunt and uncle, Josephine Angeli, 36, and Alexander Angeli, 45.

Arthur Angeli, 21, among the others stricken, may die. The others are expected to recover.

FARMERS OF STATE PLAN SESSIONS

McFadden, Bishop And Other County Men Will Attend

Orange county farmers are looking ahead with interest to the 68th fruit growers and farmers convention to be held at Sacramento Dec. 4, 5 and 6, according to Holmes Bishop, chairman of the county committee which is furthering interest in the conclave. In addition to those who are planning to attend the convention, two Orange county men will be on the program.

A. J. McFadden of Santa Ana, president of the California agricultural prorate commission, will give the opening address on the morning of Dec. 5. He will tell of the work of the commission and its progress. A. A. Brock, director of the state department of agriculture and formerly agricultural commissioner of Orange county, will give his annual report on the morning of Dec. 4.

In addition to Mr. Bishop, other

At exactly 7 o'clock, in cooperation with all other merchants of the city, the doors will be opened for a preview of one of the greatest arrays of toys, gift goods, and merchandise for every member of the family, ever shown in Santa Ana. The quantity, selection and price of the various items are outstanding.

members of the local committee who plan to attend all or part of the sessions are Clarence Brown, San Juan Capistrano; Ralph Mitchell, Irvine; Fred May, Lemon Heights, and Charles Van Wyk.

Santa Ana. Mr. Bishop explained that anyone interested in agricultural welfare will be welcome.

Mr. Bishop's father, the late A. D. Bishop, used to attend the first conventions, from which the present gatherings have grown. The first one was held at Sacramento Dec. 6, 1881, and was called by Matthew Cooke, chief health officer, to attack the problem of pest control and other matters for the improvement of the fruit growing industry. The "health" referred to in Mr. Cooke's title was the health of plants.

Convention Resolutions
One resolution of the first convention called upon farmers to support horticultural laws and assist in their enforcement. Another recommended that growers urge appointment of horticultural commissioners in counties where there were none.

Other resolutions urged orchardists to purchase only plants definitely proven to be free of pests and disease; that nurserymen be required to disinfect all plants before delivery; that farmers use all practical means to keep trees free from pests, and that boxes be disinfected before being returned to growers. There also was discussion of transportation costs and a recommendation that lower freight rates be sought.

"In reflecting upon the topics discussed at this first convention," said Mr. Bishop, we cannot help but realize that many of these problems are pertinent subjects for discussion even down to the present day, although in many respects the complexion of convention discussions has changed appreciably. We now find the fruit growers and farmers convention serving as a sort of final free forum for the discussion of major problems confronting agriculture, after they have been dealt with by local groups, by regional and statewide conferences under the auspices of the several farm organizations and by the annual meetings of the several agricultural commodity groups."

State officials, leaders and officers in various growers' organizations will discuss farm problems from many angles at the convention. The annual banquet will occur on Thursday night. On Friday an important part of the program will be devoted to stabilization plans for agriculture, and the final report of the resolutions committee will be given.

Part of the earth's oxygen supply is manufactured by growing plants.

NEW 'FLIVVER PLANE' OUT Cost, Sans Motor, Only \$100

CINCINNATI, Dec. 2. (AP)—Edward Nirmaler, Cincinnati pilot, tinkered today with his own version of a "flivver plane," built, he said, at a cost less than \$100, except for the motor.

He has been flying it through initial tests, and reported a maximum speed of 75 miles an hour. The ship, assertedly similar in design to one brought to this country by Sydney Arram, British flier, has a wingspread of 19½ feet.

Arram arrived recently from England. His plane was represented as costing \$350, weighing 350 pounds and flying 45 miles per gallon of gasoline.

Known as the "Sky Flea," Nirmaler said a single seated plane could be powered with a motor-cycle engine, and added it might be considered an answer to recent agitation by the department of commerce for a plane to sell around \$700—something for the "average man" to fly.

REGISTRATION LAW UPHELD

Re-registration of all California voters in 1936 has been sustained in a supreme court decision just received by County Clerk J. M. Backs.

The opinion was contained in a ruling mandamus H. E. Russell, purchasing agent for the county of Los Angeles, to order the necessary supplies for re-registration. The mandamus order was requested by William M. Kerr, as registrar of voters for Los Angeles county.

The controversy, resulting in the court action, arose out of an amendment to section 1094 of the political code, adopted at the last session of the legislature. Prior to that time the law read that the re-registration became permanent in 1932.

Refusing to order election supplies, County Purchasing Agent Russell depended on Section 1, Article 4 of the state constitution which provides that "no initiative measure adopted by the people at the polls can be repealed or amended except by vote of the electors unless otherwise provided for in said initiative measure."

Mr. Russell contended that the amendment to the political code contravened provisions of the constitution, but was reversed by the court in its ruling that the amendment must be held the valid exercise of legislative power.

BUENA PARK FIRE CAUSES \$1000 LOSS

A 100-acre grass fire along the Edison company right of way, two miles south of Buena Park on Friday afternoon, resulted in damage to poles and destruction of grazing land with a total estimated value of \$1000. The fire had been in progress for nearly an hour before state foresters at Orange were notified of its existence.

Here and there With
The Journal's
Rambling County Editor
By T. N. (BRICK) GAINES

WHEN the San Clemente Men's club staged a '49er dance, they do things up in real old-fashioned style.

Their benefit Saturday night, as part of the Old Spanish Days fiesta, had almost more customers than the hall could hold. Everyone was good natured and had a wonderful time. They had a fine orchestra, and visiting rodeo performers, dressed in their cowboy garb, and the '49ers themselves, added plenty of atmosphere.

We laughed at the perspiring efforts of Earl Moore, policeman, in selling tickets and handling the huge crowd. Bill Holmes and Roy Strang worked plenty keeping the party going.

The club should have plenty of berries to buy Christmas presents for kids of San Clemente after that party!

AMONG interesting things we learned during the fiesta: That Father A. J. Hutchinson, priest at the Capistrano Mission, was a sailor during the World War—he was at a naval station in the North sea in 1918-19.

JOHNNY GREGORY, Fullerton police sergeant and ardent Izaak Walton, says that his group is going to try and have a limit put on the number of salt water sport-fish that can be caught in local waters.

That sounds foolish, at first, but as John explains the situation, it takes on sense.

When you hear John tell about anglers catching 200 yellowtail in one day, and then bragging about their efforts, a limit of some sort begins to seem sensible.

He also explains that some sort of cooperation is necessary between commercial fisheries and sports anglers. To date, all restrictions have been placed on the commercial guy. Now it's time for the amateur to show that he'll play along with the ones who make their livings at fishing, and aid in the conservation work, he claims, adding that most members of the commercial group are as interested as anyone else in conserving the fish, and that the outside reduction plants are about the only ones not interested in conservation.

However, if there is a limit placed on sport fish, will be "reasonable," he reports. But it won't allow anyone to catch 200 yellowtail at one sitting, however!

TALKED to Ed Henderson, Placentian, yesterday. He was telling about a recent trip to Walla Walla, Wash., and was laughing about the sales tax gadgets they use in that state. Look like street car tokens and are worth a fifth

Feature Program

HUNTINGTON BEACH.—With many local and national figures planning to attend, dedication and cornerstone rites at the new \$52,000 postoffice building will be held at 2 p. m. next Saturday, and plans for the program have been completed, according to an announcement by Postmaster J. Ed Huston and W. H. Gallienne, chamber of commerce secretary.

Congressman Sam L. Collins, Fullerton, and Hamilton H. Cotton, Democratic leader, a representative from the postoffice department and many state and civic leaders will speak at the ceremony, it has been announced.

Led by the 40-piece Huntington Beach band, participants in the ceremony will march from Memorial hall to the new building. Representatives of the Grand Lodge of the Masonic Order will officiate at cornerstone ceremonies.

The dedication rites will follow, according to committee members. Postmaster Huston and Secretary Gallienne have issued more than 3000 personal invitations to Southland residents to attend the ceremony.

RESIDENTS OF ANAHEIM VISIT IN MIDWAY CITY

MIDWAY CITY.—Mr. and Mrs. S. H. Neill, Misses Jean and Marian Neill, Sunset Beach and Miss Margaret Jackson of Anaheim were dinner guests of Mr. and Mrs. J. H. Pryor recently.

Mr. and Mrs. Ramiel Jung-Johann and their children, Milman and Christine, El Cajon, have been guests of Mr. and Mrs. Marcus Jung-Johann for several days.

Dr. Dagmar Good, Los Angeles, and Mr. and Mrs. C. E. Ashworth, Alhambra, visited recently at the Robert Keller home.

Miss Larnae Hensley, who spent the Thanksgiving vacation with her parents, Mr. and Mrs. E. L. Hensley, returned to her school in Los Angeles yesterday.

John and Dean Pryor of the college of agriculture at Davis, who have been spending the Thanksgiving vacation with their parents, Mr. and Mrs. J. H. Pryor, returned to school today.

of one cent. Every sale, no matter how small, calls for expenditure of one of the tokens, Ed reported.

But the biggest laugh came when he displayed some tokens from Missouri, collected by Mrs. Henderson recently. They were stamped on paper milk bottle tops! Came in two sizes, one mill and two mills.

Ed was sorta glad to get home, he said. Didn't see any sunlight from the time he left home, two weeks ago, until he returned.

Farm Center Meetings

THURSDAY
Cypress-Magnolia farm center, 7:30 p. m. at Magnolia school.

Topic: The state farm bureau convention at Santa Cruz; speaker, L. A. Bortz; entertainment, special musical program arranged by Mrs. Ben Heim.

Somebody is going to be pleased when she undoes her Christmas package and finds this lovely crocheted set! The hat is the immensely popular beret type; popular since it may be adjusted to the lines most flattering to the wearer. It has a 1936 look about it in its forward sweeping tilt. Both beret and matching bag are made in plain crochet, with the attractive fan design worked in ribbing. Better get busy with your crochet hook right away!

In pattern 5446 you will find complete instructions for making the set shown; an illustration of it and of all stitches used; material requirements.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to The Santa Ana Journal, Household Arts Dept., 117 East Fifth Street, Santa Ana, Calif.

SAN CLEMENTE.—Climaxed by a huge rodeo yesterday afternoon, the three-day Old Spanish Days festival, staged by residents of the San Clemente area and the Riviera of America association, has been announced a great success by members of committees in charge and Mayor A. T. Smith.

Spanish dons and señoritas mingled with cowboys and forty-niners on the streets of the Spanish village during the fiesta, with all residents wearing appropriate costumes for the occasion. A street parade and golf tournament on Saturday, the Old Spanish Days banquet Saturday evening in the golf clubhouse, the '49er dance Saturday night and yesterday's events, including a barbecue under direction of Jose Mendez, were included in entertainment during the fiesta.

T. E. Stephenson, Santa Ana, and Thomas Murphree, San Clemente, were speakers at the Saturday banquet. Mayor A. T. Smith presided, with about 70 visitors present.

Murphree Speaks
Mr. Murphree gave a history of the Spanish village since its birth as an idea following the Santa Barbara earthquake. Organization work for the new community was started in November, 1925, he said. Later red-letter days for the village included installation of telephones and electric lights, construction of the clubhouse, formation of the men's club, building of a church, the municipal pier and establishment of a sewage system, he said.

The speaker concluded his talk with a brilliant picture of the future of the community, pointing out that the country is getting

back to normal in many ways, and with a little more co-operation and co-ordination, San Clemente is going ahead to greater things.

Stephenson Gives History
Mr. Stephenson gave a historical background of the San Clemente area. "The Spanish Village is on a highway of romance," he said, telling of visits by Portola in 1769 and the first baptism which took place in the hills near the community.

The speaker lauded efforts of San Clementians to preserve architecture of the early days and told many interesting events in the early life of the country.

Three important things took place in the area 100 years ago, he said, mentioning secularization of San Luis Rey mission, presentation of a 12,000-acre grant to Indians at Las Flores and securing of a grant at San Onofre and San Mateo by Gen. Andres Pico, where he started in the cattle-raising business the same year. Dana visited the coast on the trip which he later made famous through his book, "Two Years Before the Mast."

Freest Talks
The Rev. Father J. Hutchinson, priest at San Juan Capistrano mission, and the Rev. Father Gabriel Ryan from Laguna Beach, spoke briefly, as did Francis Sheridan, manager of the mission. The Rev. H. A. Hogarth, pastor of the Laguna Beach Presbyterian church asked the blessing.

The '49er dance staged by the San Clemente Men's club as a benefit for a Christmas party for children of the community, was reported a financial success by members in charge. A large crowd attended the dance and entertainment in the Rendezvous clubhouse.

Southern Methodist Accepts Rose Bowl Engagement With Stanford

Column Left

HITTING HIGH SPOTS

UNTIL the Rose Bowl game gets closer and the Olympic picture brightens up, things won't hum quite so fast in the sports department. Boxing and wrestling, and after a while some basketball—that, with a little gossip from the hot stove league, will make up the news.

But when we have a rascal match like the one on at the highway house of horrors tonight, it's news.

Tige Clinton, who beats the drums for Promoter Sam Sampson, slipped into the office over the week-end, and left this information which we pass along. Davis wanted Dick Rutherford to handle match but Bill Smith of the State Athletic commission assigned "Bull" Montana to referee tonight's rascal. That Lopez will scale 212 to Davis' 249, weight is lowest Lopez has made in months and he is said to be in great shape. General admission tickets will go on sale at 7:30 at which time the doors will be opened. Wee Willie, I understand, is taking match so lightly that he is thinking seriously of seconding his kid brother Nelson against Kudo. . . .

Davis says he will follow campaign laid down by Ed (Strangler) Lewis, and will try to wear down Lopez, using rough, aggressive, punishing tactics without really trying for a pinning hold until he feels the Mexican weakening. . . . record crowd should be on hand but still choose ringside and reserve seats available.

Sampson may route general admission fans through side entrance to permit reserve seat and ringside ticket holders chance to get to window and through main entrance. Way Middough, popular announcer, will act as master of ceremonies. . . . several out-of-town promoters plan to watch show.

Should Davis win title, he's bound by contract to wrestle in defense of it for Sampson next week. Fans may be asked to name man to meet winner, selecting one from the men going undefeated in supporting bouts tonight.

EDDIE GROGAN GETS LOCAL RING TEST
FIGHT FANS are predicting that an argument started here last Thursday night will be settled next Thursday night. Eddie Grogan, with 20 consecutive kayos to his credit, looked like a bum in pasting over an unknown opponent last week. Promoter Sam Sampson wants to give Grogan a real test and has thrown in a plugger, Frankie Herrera, against Grogan next week. If Grogan can lick Herrera he will convince most of us that he is not the chump some of us think he is.

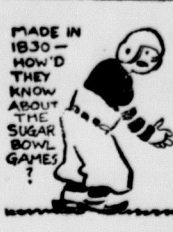

SHORT STUFF: Holy Cross has been invited to meet an unnamed western team for the Catholic championship of football at San Francisco in December or January. . . . Mike Mesko is the guy who popped out of the stands and lined up with Dartmouth against Princeton Saturday. . . . Interviewed over the radio he said he'd lived next door to Princeton all his life and thought they were a bunch of sissies.

This, an excerpt from the S. M. U.-Arkansas football game, will give you some kind of idea of what to expect when S. M. U. makes that Rose bowl trip. . . . Robbins threw a forward to Poole. . . . Poole lateraled to Holt. . . . Holt lateraled to Rucker. . . . Rucker ditto to Van Sickle. . . . Van Sickle tossed one to Poole who had run across the field by this time. Net gain: 17 yards.

'WHITES' LEAD 'BLUES'
SAN PEDRO, Dec. 2. (AP)—Despite the individual scoring triumphs of William Slater's six-meter sloop, Lanai, the "Blue" sailing team trailed the "Whites" today in the first of four series of races before the 10th National midwinter regatta.

SUGAR BOWL

THE WINNER of the New Year's Day Sugar Bowl game in New Orleans, a football fixture established last year, is awarded a solid silver bowl to hold for one year and a replica as a permanent trophy. A New Orleans antique house donated the bowl, which was cast in England in 1830, bearing the hallmark of Emes and Barnard, silversmiths.

MUSTANGS TO MEET CARDS IN CLASSIC

Undefeated Southwest Eleven Knocks Over T. C. U. to Get Bid

STANFORD UNIVERSITY, Dec. 2. (AP)—Southern Methodist, football conquerors of the Southwest, will meet the Pacific Coast conference, meet New Year's day in Pasadena's Rose bowl. That is a non-negotiable fact.

Coach Bell, opponent in the Rose bowl game. Selection of Southern Methodist, undefeated and untied, marks the first time a team west of the Mississippi river has been chosen as an "Eastern" representative in the Rose bowl play.

Southern Methodist, noted for its colorful and effective passing attack, earned its bid Saturday by beating Texas Christian, previously undefeated, 20-14.

Although Stanford lost to the University of California at Los Angeles, 7-6, in an early season game, it walloped California, 13-0, after the Bears had won nine straight.

The invitation to Southern Methodist was extended by Masters via long distance telephone. "With Pleasure!"

James Stewart, director of athletics at the Texas institution, conferred quickly with S. M. U. officials after Masters called him and then called back and said the Mustangs accepted "with pleasure."

Coach "Tiny" Thornhill of Stanford grinned broadly when he was informed S. M. U. had accepted. "We welcome a chance to match gridiron tactics with Southern Methodist," he said.

"Matty" Bell is serving his first year as S. M. U.'s head coach, but for 11 years he has been assistant coach at the Texas school. Others Unavailable

Although Princeton was acknowledged champion of the East, and Minnesota held an equally important spot in the Midwest, neither was available for Rose bowl play because of agreements with other schools.

S. M. U. became Southern California's popular choice for Rose bowl honors by its 21-0 defeat of the strong U. C. L. A. team, conqueror of Stanford.

Brea Eleven Battles S. B. In Fullerton

Brea-Olinda's Wildcats, champions of the Orange league, and Santa Barbara's Vaqueros, undisputed king of the free-lancers, hooked up at Fullerton tomorrow in the first round of the annual C. I. F. football play-offs. Game time is 2:15 p. m.

The winner will play at San Luis Obispo in the second round Saturday.

S. S. (Shorty) Smith, Brea coach, has his cohorts fired to a fighting pitch, and another performance similar to their stunning 10-0 upset over Anaheim last week is anticipated.

Once past Santa Barbara—a heavy eleven which Santa Ana whipped, 13-7, early in the season—Brea should defeat San Luis Obispo, and stand a good chance for southland honors, Coach Smith believes. Santa Barbara defeated Glendale, 25-7, Thursday.

Officials for the titular game will be Joe Fleming, referee; Boyle Brennan, umpire, and Howard Lutz, head linesman.

The probable starting lineups: (No.) Brea-Olinda Pos. Santa B. (No.) (35) Robinson LE Phillips (30) (32) Shores RT Romet (38) (58) Robinson LG S. Rossi (16) (32) Harris C McArthur (42) (37) Hamilton RG Cassidy (37) (42) Anderson RT Korigisabel (39) (35) Thaten RE Minear (39) (45) Laing Q Garcia (38) (46) Ledbetter LH Bailey (14) (42) Cooper RH Lee (13) (5) Johnson F L. Rossi (7)

Coach Clipper Smith's eleven enjoyed two scoring chances but each fizzled. The first came on a fumble, one of eight that marred the contest. Billy Byrne juggled the ball on his 37 in the second period. Half a dozen players had their hands on the elusive pigskin as it squirted around until finally Floyd Schick, Bronco tackle, recovered on the Loyola eight.

Western division standings in the Southern California Junior college association remained in a muddled condition today, with the possibility that newly-crowned Ventura might be forced to relinquish its championship through ineligibility.

Ventura was awarded the title last week when Los Angeles, 1935 leader, Long Beach and Glendale were penalized for using ineligible players. The revised standings left Ventura in first place, Long Beach in second. If "Tex" Magness, Ventura end, is found ineligible, Long Beach automatically will become champion, and gain the right to meet Riverside of the Eastern division for the southland flag next Saturday.

The game will be played on a Western division field.

50 ENTRIES EXPECTED FOR SANTA ANITA HANDICAP
LOS ANGELES, Dec. 2. (AP)—Nominations for the Santa Anita \$100,000 handicap, world's richest stake, close today, with half a hundred of the country's leading thoroughbreds expected to be on the list.

At the top of the array when imposts are announced here Dec. 18 were expected to be Discovery, leading handicap runner of the past season, and Azucar, winner of \$108,400 here in the inaugural last February. Announcement of the nominations will be made tomorrow.

As a forerunner of the closing

SANTA CLARA BEATEN BY LOYOLA

LOS ANGELES, Dec. 2. (AP)—Loyola's oldest, outstanding piece of unfinished football business—beat Santa Clara—was crossed off the list today.

For after four years of trying, Coach Tom Lieb's eleven accomplished the task yesterday, 7 to 0, before 12,000 persons at Gilmore stadium.

Napoleon Helps
The lone touchdown of the fumble-fraught contest came in the final quarter when Loyola marched 42 yards in nine plays to score. A short, stocky Italian, Harry Aquarelli, proved to be another Napoleon on this drive.

Third string left halfback, Aquarelli ran a punt back eight yards to the Santa Clara 42. Jack Foley passed to Capt. Dave Maxwell to pick up five yards and then the 163-pound back swung into action.

Passes to Snell
He threw the ball to George Snell for a first down on the 30. Pete Lubisch hit center for two and Aquarelli played over left tackle sifting through to the 11-yard line before he was finally pulled down. In three drives into the line he made it first down on the one and Lubisch scored from there. George Ratkovich was hurried into the fray to kick the point.

Coach Clipper Smith's eleven enjoyed two scoring chances but each fizzled. The first came on a fumble, one of eight that marred the contest. Billy Byrne juggled the ball on his 37 in the second period. Half a dozen players had their hands on the elusive pigskin as it squirted around until finally Floyd Schick, Bronco tackle, recovered on the Loyola eight.

LOCAL BOXER COMES BACK
Raoul Solis, clever Santa Ana lightweight, and winner of last year's Golden Gloves title in the featherweight division, returns to the Orange county arena, after almost a year's layoff, to face one of the fastest punchers in navy boxing circles—Sailor Bowen of the U. S. S. Pensacola. They box the semi to the middleweight main event between Frankie Herrera and Irish Eddie Grogan.

Sailor Vye, Navy heavyweight, meets Dick Lincoln of Ontario. Max Moore of Orange opposes Al Garcia and Art Arroya meets Larry Thomas in other bouts with opponents to be named for Don Benzor, Dancing Dave Garcia and Cyclone Jure.

"Prize Nite," a new idea in amateur boxing promotion, will be introduced by Promoter Sampson, for the first time Thursday night.

BREA SMASHES G. G. RECORD
Brea snapped the eight-game winning streak of Petrol Gas by white-washing the Garden Grove nine, 7 to 0, at Brea yesterday.

Petrol Gas, the winners, 9 to 8, but Peterson, their ace pitcher, received wobbly support from the outfield, which contributed five errors with men aboard. Hatfield of Brea and Salisbury of Petrol Gas were the leading hitters.

J. C. Cagers Play Tonight At Concordia

Strengthened by the addition of talent from Don football ranks, Santa Ana Junior college's basketball charges invade Orange for a return engagement with the Concordians on the Walker memorial court at 8 o'clock tonight.

Alvin Reboin's cagers, beaten 33-23 by Orange in their first start, believe they can extend Vic Baden's powerful outfit, now that Fred Erdhaus, husky center who has been busy with football, is in suit, along with newcomers Bob Spray, Harry Stanley, Bill Greshner and a few other gridmen who are expected to take to the court. Spray and Stanley were regulars at Tustin.

Tommy Lacy, all-conference selection, and Clarence Tay Riggs, forwards; Bob Browning, center; Leonard Lockhart and John Henry, guards, probably will start for the Dons. Reboin plans to send in a string of substitutions.

Concordia is anxious to return to the win column after losing to the U. S. S. Tennessee cagers, 38-26, last week. Larry Leichtfuss and Clarence Pargue, forwards; Willard Larson, center; Bob Bosch and Bob Pargue, guards, are in line for Coach Baden's opening call against the Dons.

The junior collegians will scrimmage at Tustin Thursday afternoon.

L. B. POLY WINS GRID PENNANT

Long Beach Poly was wearing its second consecutive Coast Preparatory league football crown today, as the result of its 7-6 victory in a hard-fought climax at San Diego before 10,000 prep fans Saturday.

Corey Cheney, Coach Orian Landreth's great right tackle, provided the winning margin with a neat place-kick following a 9-yard touchdown pass from Quarterback Bob Berryman to End Howard Wilcox in the second period. A 14-yard pass from Halfback Bemis to End Howell netted San Diego a touchdown in the third quarter after an 86-yard march by air.

Long Beach will not enter the C. I. F. play-offs to defend its Southland title, but instead will play host to Coast Preparatory league schools in a sports carnival of football, track and other events at Long Beach Saturday. Santa Ana, Alhambra, San Diego and Long Beach will compete.

S. M. U. IS 'FIRST'
LOS ANGELES, Dec. 2. (AP)—Southern Methodist was listed as the leading football team of the nation today in the rating system of Deke Houliate, local grid statistician. Houliate listed Princeton second, five points behind, with Louisiana State, third.

WINS BOAT RACE
LONG BEACH, Dec. 2. (AP)—Chief honors in the handicap sweepstakes motorboat regatta belonged today to Boye O. Boye, runaway winner of the feature contest at Olympic Marine stadium under the piloting of Connie Boye, Los Angeles.

SKATERS TO DEFAULT

PIERRE BRUNET and Madame Brunet, Olympic champions of figure skating in pairs in 1928 and 1932, will not defend their title in the winter Olympic games at Garmisch-Partenkirchen, declaring they "refused to go to Germany as poor relations," since the French government would not appropriate money to give them sufficient leisure for practice.

Title On Block

Here is Vincent Lopez, recognized by the California state athletic commission as the world heavyweight mat king. Lopez places his title claims on the block tonight at the Orange County A. C. when he faces the giant Wee Willie Davis of West Virginia.

CLASS B NET MEN BEATEN IN FINALE
Santa Ana's Class B tennis representatives closed their season in defeat, 7 to 4, from the Harvard club at Los Angeles yesterday.

CHAMP FACES WEE WILLIE TONIGHT

Beating Assured Much Hated Behemoth In Local Performance

By FRANK ROGERS
Journal Sports Editor
Delayed one week because Senator Szabo's right knee couldn't take punishment, the long awaited beating for Wee Willie Davis, West Virginia mat behemoth, will almost positively take place at the Orange County Athletic club's highway 101 arena tonight.

Reason: Senator Vincent Lopez, California's nomination for the world's heavyweight wrestling title, will be in the ring with hairy-chested Davis. Senior Lopez's title will be at stake and Senior Lopez does not run around risking his title without he is somewhat certain of his victim. Davis is just the kind of meat Senior Lopez likes—a bit tough, perhaps, but when properly seasoned with elbow smashes and body slams, becomes a tasty bit for any champion.

Rough Evening Due
It will be a rough evening, so if you like your athletics in the bawdy vein, be on hand. Also, if you belong to the large cult of those rooting for Davis to have the daylight kicked out of him, be there and be there early. There are seats left at this writing, but chances are that by 8:30 the S. R. O. sign will be dusted off by some of Promoter Sam Sampson's stooges.

Undefeated in the local arena, Davis pulled the prime upset of Southland wrestling last Monday night by squelching Senator Szabo, the "Hustler" Hungarian, with a bone-bending knee lock. Szabo, after folding up, had to be helped from the arena.

Boos for 'Boo'
Proof that wild evening is in store for local customers was furnished by the state athletic commission today. That august body has assigned Bull Montana, former runner of the modern tug and tug specialists, to referee the bout.

The row is scheduled for three falls with no time limit.

Tonight's card also marks the return of Kimo Kudo, cagey Japanese, who knows the fine art of finding mysterious places to torture his victim. Baby-faced Nelson Davis, brother of Willie, faces the brown-skinned jiu-jitsu expert.

Casey Colombo, popular with the ladies and men alike, faces fierce-looking "Preacher" Hogue, who is fast coming to the front as a villain, while Milo (Scorpion) Steinborn tries out his bear-hug tactics against Terrible Turk Youssef.

CITY'S BEST YULETIDE CELEBRATION COMING TOMORROW NIGHT

PARADE WILL START BIG FESTIVAL

Preview of Christmas Merchandise to Lure Thousands Here

Tomorrow night is going to be Santa Ana's big night. Lights and color, the boom of drums and blare of horns—a parade like you've never seen before—even a steam calliope—and all climaxed by a dramatic preview of Christmas merchandise in scores of brilliantly illuminated and decorated stores.

The biggest and best Christmas celebration ever staged in this city will get under way at 7 p. m. tomorrow. The whole affair is sponsored by the retail division of the chamber of commerce, of which J. H. Bell is chairman.

All Dark at 6 P. M.
Here's the way things will happen:
At 6 p. m. all store windows will be darkened. They will remain dark until a bomb explodes at 7 p. m. Then the lights will flash on in store windows all up and down the streets. At the same instant the Gilmore circus parade will start moving down Fourth street from the Pacific Electric depot, toward the center of the business district.

You'll laugh when you see the parade. It will be full of huge and comic animals and men with grotesquely large heads. The famous Gilmore lion will be there, too. Sixty Boy Scouts in costumes will be in the parade. There also will be new model automobiles in the parade. Music for the cavalcade will be furnished by the bugle and drum corps of the American Legion post at Anaheim, the Spanish American War veterans fire and drum corps, the Santa Ana municipal band, and the bugle and drum corps of the Santa Ana American Legion post. At the end of the parade will be the steam calliope. John Knox is parade chairman, assisted by Hunter Leach and Franklin "Brick" Granard.

Stores To Be Open
Immediately after the parade the throngs of people will turn to find that store windows contain an unusually attractive display of Christmas merchandise. Inside the stores will be more of the Christmas atmosphere of hospitality. There will be souvenirs, too. For those who wish to buy, clerks will be on hand.

Prizes will be awarded for the best exterior store decorations and the best window displays. The judging will be done by the presidents of the service clubs and by Lorraine McNaught, president of the Business and Professional Women's club. The other judges are to be Stanley Goode, Rotary club president; C. W. Harrison, Lions club president; Loren Moore, Kiwanis club president; and Wayne Harrison, 20-30 club president. Walter Swansberger is in charge of this phase of the celebration.

Three Prizes Offered
There will be three prizes, the silver cup which was won last year by Swansberger's store for men, and two cash prizes. The first of these will be \$10 and the second five dollars. The awards will go to the window trimmers whose work is adjudged best and second best.

Beginning at 11:15 a. m. tomorrow Christmas music will be broadcast over KREG. Carl Stein is chairman of the committee which has arranged a series of broadcasts for the Christmas festival. From 11:15 to 11:30 a. m. Miss Helen Holmes will play piano solos. From 4:30 to 4:45 p. m. the junior college girls' octet directed by Miss Myrtle Martin will entertain and Orville Northrup will talk briefly about the Christmas celebration. From 6:15 to 6:30 p. m. the junior college brass quartet directed by Leland Auer will play and W. J. Ferris will give a short talk. From 6:45 to 7 p. m. the junior college male quartet directed by Miss Martin will sing.

Music also was on the program for today. From 4:40 to 4:45 p. m. the junior college girls' sextet will sing. From 7:15 to 7:30 p. m. a string ensemble directed

HINTS ON GIFTS IN BUYING FOR RELATIVES, HERE ARE HINTS ON GIFTS

Has mother been "hankering" for something different by way of a Christmas gift? This year, try buying her a really elegant piece of the new hammered aluminum on copper base. It looks like sterling, and comes in lovely shallow bowls and other shapes.

And for her New Year's centerpiece, a set of ivory pottery holders for short-stemmed flowers, or a console set in variegated pottery, perhaps.

A new wrinkle noted this year is a perky little boutonniere fastened to a clip, so it won't slip off when the pin gets displaced. And around mother's throat a filmy georgette hanky-scarf will lend a pretty effect.

If she's perfume-minded, then you've only to stop before a counter glittering with crystal fountains of 1936 to find ample choice for this season's gift. Penthouse perfume, cologne in any one of scores of fascinating crinkle and bubble glass bottles, and shiny satin baubles holding scent for the dresser drawers are "among those present" for consideration.

A plaque or picture adds cheer and chic to mother's room or apartment or home.

by Rose Marie Flint will play and LeRay Quick will talk.
Stores will remain open until 9:30 p. m. tomorrow to accommodate the thousands expected to flock to Santa Ana.

SANTA'S PACK FILLED FOR CHILDREN

Gifts for Youngsters This Year Keep Up With Fashions

When Kris Kringle empties his pack for the young 'uns of Santa Ana families, he'll prove to them that by radio, airmail, or what-have-you, the North Pole has kept up with fashions, too. Toys have gone streamline and modern to match the gifts of the rest of the folks.

Not only bicycles but velocipedes, as well, have taken to long lines and fenders. When Master Brown takes out his miniature chariot to call on Susie down the street, he'll pedal up in a flashy blue or red automobile, that has low-hanging fenders and mud guard. A slanting windshield with a slinky radiator cap heads off the front of the buggy. What's more, there's dash control for the electric headlights.

Even the two-year-old can have his streamline locomotive, provided he takes Mickey Mouse trimmings with it, for the latest wagon is a shiny red bus with Mickey for a trimming, just big enough for 25 pounds of vitality.

Doil buggies have a tilt, that suggest the new mode, too. And why shouldn't they be as modern as the next-to-live dollies that they carry? They gurgler their milk and otherwise imitate babies.

Clothes for Girls
Like their mamas, little girls can always be appeased with a new hat. The woolen berets and sarves to match that are fashionable this year will coax a sunny smile from any little Miss. Binoculars aren't new, but aunts and neeles are reminded that a sailboat a mile away through field glasses is a real treat for sunny.

Babies will have plenty to oh and ah about. An educator in laying the table, a new plate has appeared which on the left side of which is written: "The fork says, 'I go here,'" and on the right side of the plate a similar message from the spoon.

Teething rings have little silver bells on them to enhance interest. If big sister gets a beautiful vanity set from the boy friend this Christmas, little sister can have one just as pretty in sterling silver with ornate edging.

Kentucky's 1935 Irish potato crop showed an increase of 1-262,000 bushels over the 1934 crop, with this year's crop estimated at 5,742,000 bushels.

It's Easy to Buy For Her

What to get for "her" ... that's always been the big question. But this year things are different. Santa Ana stores are chocked with suggestions for one's best girl.

Here's one idea—get her a "thing of beauty," a rich pottery bowl, and two candles in smooth bases; or a set of bakeware in pottery just within our state borders from sunny Old Mexico.

Or, she may like a round hat-box package tied with corsage, and filled with deliciously scented bathpowder.

And for the smartest of feminine fancies, one selects a flat mirror with crystal scent bottle and carved powder box. Or a handsome toilet set with black and silver brush, mirror and powder box, which fairly cries for a feminine user.

Black georgette or white satin "unmentionables," whether for day or night wear, are ever welcome gifts to milady.

FOR 'HIM' THIS CHRISTMAS, THERE'S VARIETY OF GIFTS

"What on earth shall I get him for Christmas?" Whether the amount to be spent is 50 cents or any number of dollars, there's a wealth of variety awaiting the shopper for "him."

Quite the jantiest item one finds in looking around is a pocket flask covered with black leather and trimmed in shiny silver—but don't be shocked! It holds a "gentleman's eau de cologne," and the scent is pleasingly masculine in type.

And if he's very lucky, he may draw a swank new suit in a chalk stripe fabric, single breasted with a sport back.

Tie that one if you can, says milady as she presses on her lord and master a trim new tie in stripe or dot. There are thousands of 'em in the local men's shops, each appropriate for some hopeful male. A tie is always a useful gift, if it isn't too, too gay!

Watch him beam when you bestow a brand new watch on him, if other ideas don't "click."

Black georgette or white satin "unmentionables," whether for day or night wear, are ever welcome gifts to milady.

200 Couples Throng Dance Floor at Traditional Formal of Beta Sigma Phi

Jonathan Club Attractive Setting

Mayfair Club Orchestra Provides Gay Music; Santa Anas There

In the spacious Jonathan club, Los Angeles, some 200 couples including members of Southland Beta Sigma Phi chapters with their escorts spent Saturday evening merrily at the second annual holiday formal dance of the national sorority southern council.

In the receiving line were Miss Delphina Lopez of Santa Ana Sigma chapter, chairman of this year's dance committee; Miss Margaret Watt of Mu chapter, Santa Monica, president of the council, and Miss Elsie Siemsen of Sigma chapter, treasurer of the council.

Patronesses, each of whom wore gardenia corsages and boutonniere, were Mr. and Mrs. Fred Ayers of Alpha Iota, Los Angeles, Mr. and Mrs. James Buchanan, of the council, and Mrs. Dalton Fields, Phi chapter, Fullerton.

Sorority choice dances, spot dances and presentation of crested address books and cigarettes to the dancers enlivened the evening. Punch was served in the lounge.

Seen Dancing

Among Santa Anans seen dancing were Miss Siemsen, wearing a blue formal with silver metallic jacket and yellow baby chrysanthemums by way of corsage. Miss Katherine Spicer in black velvet with pink accessories and cluster of camellias. Miss Isabelle Siracusa, Huntington Beach, in apricot satin with gardenias in her hair.

And Miss Lopez in midnight blue velvet with interesting rhinestone arrangement on the sleeves, silver leaves in formal array in her black hair, and corsage of gardenias and tea roses.

Miss Mary Ford in wine moire with gardenia corsage. Miss Marie Labruche in lurcha velvet with white metallic accents and gardenias.

Several Parties Given

Miss Dorothy Lindsey in blue velvet with corsage of yellow roses. Miss Geraldine Cole in black crepe with fragrant gardenia corsage.

The Mayfair club orchestra provided dance music under direction of Aaron Gonzalez, brilliant young composer-director who has just completed an engagement at the Trocadero and is doing considerable radio broadcast work.

Twenty chapters from Bakersfield to San Diego were represented at the party. Diners at the Jonathan club, at the Los Angeles chapter house and in various homes added to the festivities. Sigma chapter had a supper party at Omar's Vendome.

Sigma members' escorts included Harvey Rice, Santa Ana; Arthur Flint, Los Angeles; George Walker, Huntington Beach; William Davis, Jr., Fullerton; Dean Burney, Fullerton; Aaron Gonzalez, Hollywood; Robert Callis, San Juan Capistrano; and Jack Gould, Santa Ana.

TO BE AT PADUA

CHRISTINA WELLES FELLEZ

Singer To Be Featured In Padua Play

Cristina Welles Fellez, coloratura soprano, member of the Padua Hills theater Mexican group, has won a very enviable reputation as a singer of great ability.

Miss Fellez, who has appeared in many leading roles in musical productions at the Pasadena Junior college, joined the Padua Hills in the spring of 1935. Her "Caminante" solo in the pilgrimage scene and her rendition of "Ave Maria" in the last scene of "Los Muertos," produced this fall at Padua Hills, were acclaimed by music critics.

She played a leading role in "Las Canacas" through November and is appearing prominently in the beautiful Christmas play, "Las Posadas" which opens at Padua Hills theater Wednesday.

HEAVY WEEK SLATED FOR PRESBYTERIANS

Every day this week has a meeting for members of the First Presbyterian church.

At 7:30 o'clock tonight, the monthly session meeting will be held. Tomorrow at 8:15 p. m. the junior choir will rehearse in the young people's room of the annex, and at 7 p. m. a Christmas play rehearsal is slated.

Wednesday, Sunday school workers will meet for supper at 6:30 o'clock at the church. Harry W. Lewis will be in charge. Department conferences will be held.

Thursday at 3, the junior choir, and at 7, the young people's choir will rehearse. Friday's northwest section of the ladies' aid will meet at the home of Mrs. Martha Medlock, 820 North Main street. Adult choir rehearsal is scheduled for 7:15 p. m.

First Deputy, Bride Wedded 50 Years

Fred Trefren, who was the first deputy sheriff in Laguna Beach, and his bride, the former Miss Ada Garland, celebrated their golden wedding anniversary Saturday with a family dinner party at their home, 315 South Shelton street.

The couple were married in Cedar Falls, Iowa, lived in South Dakota, where Mr. Trefren farmed, and since Oct. 4, 1893, have been loyal citizens of southern Orange county.

Recalls Old Days

Days when Mr. Trefren drove a stagecoach of horses between El Toro and Laguna, 32 years ago, of Santa Ana with 10,000 scattered population, one paved street and the old opera house as the only cultural factor in the town. . . of riding into town axle-deep in mud. . . of being friends with "Billy" Wendt, Frank Cuprie and the late Conway Griffith, three of whose water colors hang in the Trefren home, were among memories cherished by the golden bridegroom.

Many Friends Call

Mr. and Mrs. Trefren's son, Ernest Roy, was born at Laguna. He and his five children live in Inglewood. Also present at the dinner were Elmer Hudson, Inglewood, and Mr. and Mrs. Ray King and family, Mrs. Blakesley, Mrs. Potter and her daughter, and John Freeman, Santa Ana.

Throughout the day friends called at the home to bring golden flowers, congratulatory messages and gifts.

OTTERBEIN GUILD HAS THANKSGIVING BREAKFAST

The Otterbein Guild (young woman's missionary group) of the United Brethren church held its annual Thanksgiving breakfast and love offering service in the dining room of the church.

The tables were decorated with flowers in autumn colors, a large horn of plenty, and napkins and place cards with the Thanksgiving theme. Misses Pauline Chapman and Beryl Bates had charge of the decorations, and Misses Viola Gross, Marjorie Johnson, Mildred Peady, and Mrs. P. Gammell planned and prepared the breakfast menu.

After breakfast Miss Viola Grout, president of the guild, introduced the special guests including Miss Constance Ward, returned missionary from the home field among the Indians, Mrs. H. Sanders, president of the women's missionary society, Mrs. J. H. Noble, patroness of the guild, Mrs. R. L. Hager, patroness of the junior guild, Miss Dorothy Gammell, president of the junior guild and Mrs. P. Gammell, who has been assisting Mrs. Noble and Mrs. E. Johnson, wife of the pastor of the church and a patroness of a guild group for many years in former church.

Each guest responded with a greeting and Miss Ward told an interesting story of a Thanksgiving dinner at the Indian boarding school.

Members of the junior guild were all invited guests. Miss Pauline Chapman had charge of the devotional service which included an impressive candle ceremony. The Misses Lucille Roberts and Elymore Lacy became members of the Otterbein Guild and Carroll Miller and Ethelann Williams joined the junior guild membership.

Those attending the breakfast included Mesdames J. H. Noble, R. L. Hager, E. E. Johnson, H. E. Sanders, P. Gammell, J. C. Warwick and the Misses Constance G. Ward, Beryl Bates, Mildred McCullough, June Balzer, Lucille Emmerson, Helen Gillespie, Eleanor McCullough, Mildred Peady, Anita Jones, Elymore Lacy, Lucille Roberts, Pauline Chapman, Marjorie Johnson, Viola Grout, Hazel Morrow, Doris June Mustard, Carroll Miller, Roberta Emmerson, Alpha Donna Van Natta, Caroline Hager, Ethelann Williams and Dorothy Gammell.

KAPPA DELTA PHI TO INSTALL NEW OFFICERS TUESDAY

New officers of Kappa Delta Phi sorority will be installed tomorrow evening at a meeting in the home of Mrs. Walter Stark, 401 East Bishop street.

Heading the group will be Mrs. Charles Woodfill, succeeding Miss Estelle Schlesinger as president. Assisting will be Mrs. Walter Stark, vice president; Miss Louise Pee, treasurer; Miss Vivian Van Norman, secretary; Mrs. Roderick Smiley, historian; Miss Eleanor Morilla, mistress of ceremonies; Mrs. Meredith Crumley, monitor, and Mrs. Harold La Frelle (Ethel Chafe), guard.

BAPTIST MINISTER HONORED AT CHURCH SERVICE

Recognition for his seven years as pastor of the First Baptist church was awarded the Rev. Harry E. Owings yesterday at the beginning of the morning church service.

The choir entered singing as a procession, "Blessed Be the Lord That Binds," with Russell Crouse singing the third verse as a solo. Mae O. Robbins presented the pastor with a basket of large yellow chrysanthemums and small contrasting flowers. As he made the presentation, he read an original verse.

Elks' Wives To Play Friday

Second in the series of monthly Friday card parties held by wives of Elks club members will be the event scheduled for Friday at 2 p. m.

Reservations are to be made with wives of the lodge officers or by calling the clubhouse.

Mrs. Don Jerome, chairman, will have as her hostesses Mrs. Luke Miller, Mrs. Earl Lentz, Mrs. William Garvin and Mrs. Ben Osterman.

CLUBWOMEN KNIT BROWS PLANNING GAY BRIDGE TEA

Santa Ana Junior Ebells are knitting their brows these days, working on plans for the bridge fashion tea to be given by the household economics and travel sections next Monday in Ebells clubhouse.

Miss Helen Gallagher of the Work Basket is planning to present smart new knitted frocks and suits with assistance of junior clubwomen as models.

Mrs. Edwin H. Clarke has been named general chairman for the function, which will replace the annual bridge tea given each December by the travel section.

Mrs. Kenneth Coulson, travel section leader, is in charge of the fashions and models; Miss Dorothy Forgy, of tickets; Miss Lolita Mead of serving; Miss Betty Smith, of cake and candy donations, and Miss Nan Mead, of table prizes.

Household economics section members will assume responsibility for setting the tables and preparing the tidbits.

TOMMY HALL FETED AT BIRTHDAY PARTY IN PARENTS' HOME

Tommy Hall's eighth birthday anniversary was the incentive for a gay birthday party given Friday afternoon in the home of his parents, Mr. and Mrs. Edward Hall, Heliotrope drive.

Thanksgiving refreshments brought the affair to a close.

Mrs. Hall was assisted by Mrs. Rolla Hays, Jr., in giving the party. Guests included Jack Audin, Billy Menton, Stuart Hollingsworth, Rolla Hays III, Fleetwood Bell, William Anderson, Maues McCallum, George Barr, Alton Hager, Carol Brand, Robert Hockaday, Billy Harwood, Elly Felton and Winston Hill.

MRS. NALLE TO BE HOSTESS TO GROUP

Mrs. Crawford Nalle, 717 Fairview, will be hostess to the Junie Ebells sewing section Tuesday, Dec. 10, at 2:30 o'clock, in her home on West Fairview street.

Junior Ebells members who are expected to attend and assist in the layette making are Mrs. John Ebersole, Mrs. J. C. Evans, Mrs. Lynn Farwell, Miss Caroline Frey, Mrs. Leland Finley, Mrs. Wendell Finley, Mrs. Louis W. Fitcher, Mrs. Calvin Flint, Miss Dorothy Ford, Mrs. W. S. Fritcher, Miss Eugenia Gilbert, Miss Helen Glancy, Mrs. Hubert Gohres, Miss Margaret Guard, Mrs. Robert Guild, Mrs. Bruce Harbottle, Mrs. Q. L. Hardy, Mrs. Vergil Harmon, Mrs. Wayne Harrison and Mrs. Albert Harvey.

Give Softly Styled Frock A Flattering Yoke

PATTERN 9658

With interest centering so strongly in necklines this season, you'll want to choose a frock with the most distinctive—most flattering neckline you can find. Here's one that plays up a prettily scalloped drop-shoulder yoke and roll-over collar, in truly feminine style. Softness prevails in bodice and sleeve gathers, and in the gently flaring skirt. All in all, it's a frock that will answer many needs—club meetings, church affairs, calling on a friend, a sorority tea, or restaurant dining. It looks its best in flat crepe or novelty synthetic. For real luxury choose a metal shot crepe, or soft, lustrous satin. Complete, diagrammed Marian Martin Sew Chart included.

Pattern 9658 may be ordered only in sizes 14, 16, 18, 20, 32, 34, 36, 38, 40 and 42. Size 16 requires 3½ yards 36-inch fabric. Send 15 cents in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your Name, Address, the Style Number and Size of each pattern.

Send today for our Pattern Book for winter! See how easily and thriftily you can make attractive clothes for yourself and family, and what lovely yet simple gifts you can make for Christmas. Learn how you can choose and wear your clothes for greater charm! Price of book 15 cents. Book and pattern together, 25 cents.

If Bill Persists In His Love, the Girl Will Forget Her Unkind Husband

By MARY STODDARD

Two readers choose to answer "Bill," the chap who wrote recently saying he loves a girl of 19, whose husband hasn't been kind to her and is now obtaining a divorce from her on the grounds of "mental cruelty." He loved her before her marriage and tried to get her not to marry the man, but she claims she still loves her husband. Is there hope for "Bill?"

Dear Miss Stoddard: To Bill I would like to say: You wrote that the girl is young. I married a girl who thought she loved her first husband. But we have both found true love in our marriages which have lasted over 15 years. Her first marriage was one of those mistakes in life.

If people are not suited they cannot get along together, so Bill, keep on smiling and look at the bright side of your future. What is to be will be. HAPPY.

She'll Love You

Dear Miss Stoddard: I am almost old enough to be your correspondent Bill's grandmother so I think I am qualified to advise him.

The world was the same when I was young as it is now, and we will make mistakes. I married when I was 19 years old and my marriage turned out pretty much the same as the girl you love is experiencing. We parted. Later I met a man I loved truly and realized that I only thought I loved my first husband. That is too often the way of youth. I hope she does as I did—clean house and find real happiness. May God bless you both. Sincerely, A GRANDMOTHER.

Chatter of Doings at Laguna Beach

By MAXINE STOREY

Thanksgiving for Laguanites is merely a preliminary round of parties and celebrations for the coming Christmas season. Houses are open to guests who drop in during the short vacation for informal parties while others go about in a flurry of festive trips.

Mrs. Charlotte Frost entertained the other eve with a cocktail party and guests sauntered in and out during the afternoon to chat a bit, sip, and incidentally, to admire the lovely oriental collection of precious pieces brought over from China and Japan by the hostess.

Among those who attended the party were Mr. and Mrs. Carlos Drake, Mr. and Mrs. Ralph Frost, Jr., Gates Burroughs, Mr. and Mrs. Manfred DeAnna, Mr. and Mrs. Sherman Padlock, Katherine Grassie, Hugo Lindberg, Harry Parker, Betty Arden, Mrs. Samuel C. (Betty) Pierce, George Dunham, Mrs. (Rob) Guthrie, the Arthur Dupuis and Mrs. F. Ettinger.

Sunday afternoon Ralph Van Hoorbeck entertained a group with a cocktail party. Afternoon sippers were Barbara and Ralph Frost, Eve and Ted Lucas, Betty Elliot and Johnny McEvoy, who, by the way, taught Shirley Temple her dance routines for "Curly Top."

Glimpsed several Laguanites enthusiastically applauding the colorful rodeo at San Clemente Saturday. Among them were Ted and Eve Lucas lustily cheering the roping experts. . . Barbara Pate watching small son, Jimmy, shoot odd little packages at the rifle stand. . . Dorothy and Jarke Ingrahams and blond son enjoying the barbecue. . . former Annie Bowman of Tustin lingering after the rodeo to watch the "word swallowers." . . Betty Smith (former Betty Cook of Tus-

On With Dance Is Slogan Of Book Group

"On with the dance!"

So say members of Junior Ebells book review section, who plan to give an informal dance Saturday evening, Dec. 14, in the Lido Isle clubhouse.

Mrs. Alvin Stauffer and Mrs. Burt Zaier are planning the dancing. Miss Mary Safley is arranging the printing of tickets.

The panoptry music used last spring will be used again. Mrs. George Walker and Mrs. Harold Dale are in charge of music.

WOMEN'S AUXILIARY MEETS TOMORROW

Mrs. Herbert A. Johnston, Anaheim, will be hostess to the women's auxiliary of the Orange County Medical association tomorrow at 2:30 o'clock.

A Christmas musical has been planned.

Co-hostesses will include Mesdames F. E. Coulter, C. A. Neighbors, H. D. Newkirk, C. S. O'Toole and W. S. Wallace.

(tin), Kitty Cook and Marie Gar-

riding in the parade; Marie causing Laguna watchers to lustily yell when she finished second in the novelty race. . . and Ralph Van Hoorbeck sketching horseman in a flash as they rushed by the stand.

Miscellaneous snatches: Two Thanksgiving eve late diners, discussing ways to cook a turkey, one being a secret which, layers a bit difficult sounds rather good. Suggested the young lady: "Wrap the turkey in a large brown paper bag and grease well; result is a very brown and very delicious fowl."

Retorted the other that years ago turkeys were cooked in a pan and covered with layers of wrapping paper to assure brown crisp covering. . . but seems as though most celebrators were dining out this year; the warm weather and enticing ocean may have had something to do with it.

Glimpsed week-ending and gadding about here and there: Gordon Pollock around for the week-end after an absence of a few months. . . Caroline Ferrey dangle Thanksgiving eve with an unknown (to the writer) male. . . Jack Lucas and Jack Moran, son of Polly, week-ending and escorting Betty Monahan about. . . Dick Diggs, Paramount exec, and Mac MacKeckie Saturday-Monday. . . news that Ray Grimes is rehearsing to appear in a play at the Hollywood Play Box. . . snap in the paper of Lewie Gough, Laguna summerer, greeting U. S. C. alumni for approaching homecoming week. . . and Lois and Jimmy Gill at the San Clemente banquet Saturday eve.

Bridge enthusiasts have turned their attention to the Orange County Bridge association, masters tournament for which qualifying rounds are now being played here. The final tournament is to be held in Santa Ana sometime in December according to president, Ralph Frost, Jr., of Laguna. Robert Sandon of Santa Ana and Dorothy Gibbs of Fullerton placed first and second last year and are automatically qualified for the final bridge battle. Seven are to be qualified from Laguna, six from Santa Ana, and five from Fullerton and the final 20 will table-to-table in the Santa Ana match. . . First qualifying tournament was held for Laguna bridge players Thanksgiving eve and two sessions will be held this week. Verner Rush led the field with a score of 50½ points; Claude Bronner came second with 48; Carrie Warren was third with a 46½, point score; Mrs. Sam Durant finished with 43; Mr. Sam Durant had a 42, point score; and Martha DeAnna received a 40½, point score. Each player must play in two sessions to qualify and Monday and Tuesday evenings of this week will finish the Laguna qualifying rounds.

Snatches of Thanksgiving gatherings: Mr. and Mrs. Frank W. Elder spent the feasting day in Los Angeles. . . Mr. and Mrs. "Nick" Isch spent Thanksgiving in Fullerton. . . Mr. and Mrs. J. B. Andrews went Hollywood way. . . Mr. and Mrs. Leslie Kimmel were "at home" and had as guests, a family group. . . Mrs. Vonna Owings Webb, former woman's club president, was entertained in Inglewood. The Frank Gardners, Marie, and Aphie journeyed to the Perry McCullough house in Cathedral City. . . and Annette Kinney, former U. C. L. A. coed, and her mother, Mrs. C. M. Kinney were visitors at Miss Ann B. Mason's for the holiday. . . Until next week. . . hasta luego!

SHE'S BUSY TODAY

Photo by Gibson and Nail

Mrs. Charles Swanner, shown above, hasn't an extra minute until Thursday night's dance, which St. Elizabeth's Guild is giving at the Ebells clubhouse, is declared a success. The dance is the second of the double-event Christmas party which the Episcopal guild is giving in the Chinese motif. A bridge party is slated to begin at 2 p. m., with the dance of which Mrs. Swanner is chairman set for the evening.

Before the dance, Mr. and Mrs. Dadds entertained in their home, 1211 North Broadway, with a smartly-appointed dinner party for Mr. and Mrs. Sidney Laughlin of Los Angeles, Mr. and Mrs. Frank C. Drumm, Mr. and Mrs. Arthur May, Mr. and Mrs. Harold Wright and Mr. and Mrs. Walsh.

Mr. and Mrs. Roy Chapman entertained Messrs. and Mesdames Robert Fernandez, Dean Collier, Warren Fletcher and Jack Park at a pre-dance party.

Country Club Dance Much Enjoyed

Coming together for the first time in the formal winter season, members of the Santa Ana Country club enjoyed an evening-together Friday at their formal dance in the clubhouse.

Messrs. and Mesdames Charles K. Dadds, Roy Chapman and Harold Wright entertained the group as hosts for the evening. Louise Shirry's orchestra provided music for dancing.

A wealth of bronze and yellow chrysanthemums decorated the clubhouse. Dr. M. A. Patton and Mrs. Patton, Mr. and Mrs. Robert Fernandez, Mr. and Mrs. Dadds and Mr. and Mrs. Ben Manker were among those entertaining with dinners on the previous day at the clubhouse.

NEW CITY HALL MONUMENT TO SANTA ANA'S PROGRESSIVE SPIRIT

CITY HALL OPEN TO PUBLIC AFTER CEREMONY TUESDAY

Citizens Will Be Shown Over New Building By
Employees; Location of Various Offices of
Officials In Structure Is Described

MR. AND MRS. JOHN CITIZEN tomorrow will have an opportunity to familiarize themselves with Santa Ana's new city hall following the dedication ceremonies in the afternoon. Location of city offices in the new structure will be shown by city employees acting as guides.

It will not be difficult for Mr. and Mrs. Citizen to adjust themselves to going to Third and Main streets to transact their city business, for the city hall was located there for years before the earthquake of March 10, 1933, damaged it so it had to be vacated.

USE ELECTRIC HEATING IN CITY HALL

Low Rates Obtained by
City Mean Economy,
Say Installers

When the city councilmen specified electrical heating for the new city hall they were following the same trend taken by the individual home owner, according to Gilbert, of the firm Gilbert, Weston and Scams, who installed all wiring and electrical equipment in the new structure.

The constant lowering of cost for electrical energy and the fact that because of the quantity of energy used by the city makes it possible for the municipal rate to be lower than could be obtained by any other corporation, it was a matter of economy to install electrical heating units.

The units installed are the fan-type Thermador heaters. This type heater forces the heat across the floor and up to the higher strata, according to Mr. Gilbert, instead of allowing it to heat the upper part of the room first.

"This feature alone," he said, "is a measure of economy. In the old type electric heater twice the amount of heat necessary was used in making a room livable. With this type the portion of the room where workers are seated is heated first. Thermostatic control prevents the waste of heat after the room is comfortable warmed."

Other electrical equipment installed in the city hall includes an electric water heater, electric water coolers and a double-faced electric clock, set in marble in the lobby of the city hall.

Mr. Gilbert called attention to the fact that since electrical heat and other equipment was specified for the city hall, several well-known county citizens have specified all electrical equipment in their homes. Principal among these electrical homes are those of Dr. D. A. Harwood and Richard Metz of Santa Ana, and Pearl Mohr of Anaheim.

MAPLE FLOORS IN CITY HALL

Hardwood flooring contractor in Santa Ana for the past 15 years, Dewey Callahan was chosen to put down some good-looking wood that would be durable for use on the second and third floors of the city hall.

So he laid the maple floors which are expected to attract approval and attention from the many visitors to the building.

STONE JOB SET BY SORESENSEN

What it took to keep the city hall exterior stones together, S. F. Sorensen, 820 Van Ness, furnished. He did all the exterior setting of the walls as well as giving a stucco finish to the interior walls, which have been tinted in cream and buff.

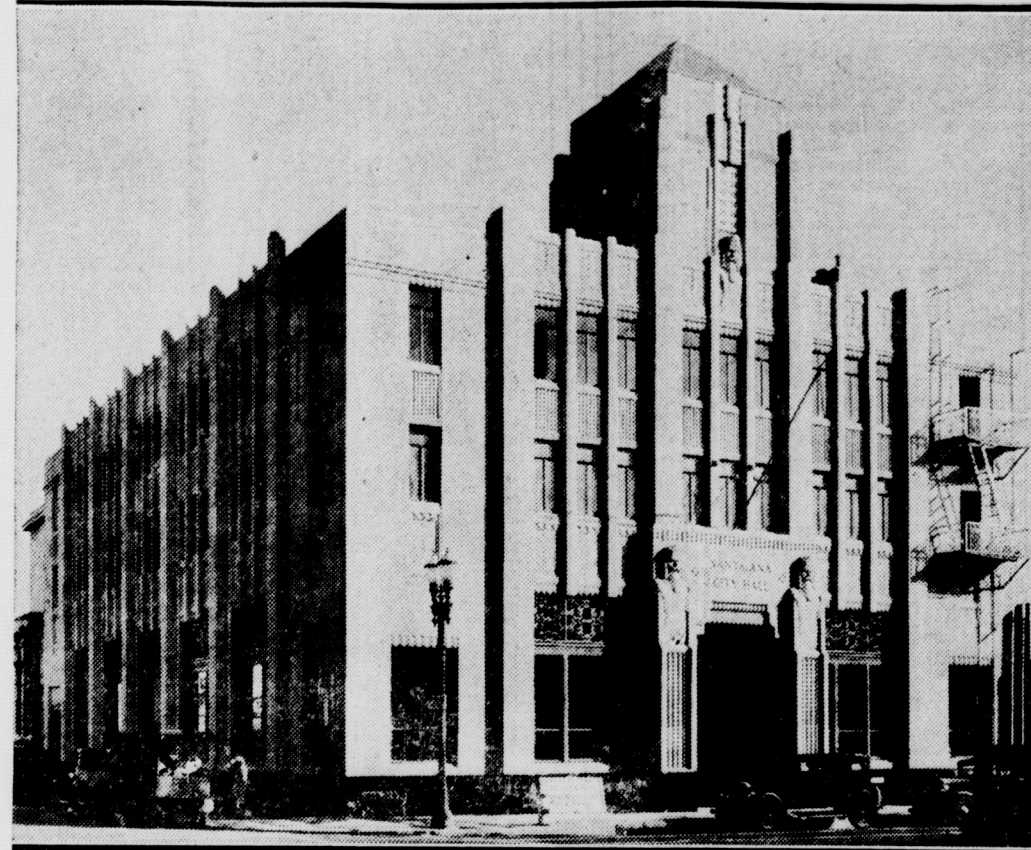

Here since 1921, Mr. Sorensen has figured in the stucco work on numerous buildings throughout the city.

LOCAL FIRM PUT IN HARDWARE

Trim locks, door hinges and other builders' hardware equipment were needed for the city hall, so McFadden-Dale Hardware company was called on.

Joe Smith was put in charge of the installation for this company which has been a Santa Ana firm for the past 45 years, operating independently until 10 years ago when the two men formed a partnership.

New City Hall Ready for Occupancy

Rising on the ruins of the building destroyed as a result of the 1933 earthquake, Santa Ana's new city hall today stands complete and ready to serve the community for many years to come. The three-story structure was erected with a \$70,000 bond issue voted by the people and with a federal grant from the Public Works administration. Ball and Honer were the contractors. Tomorrow afternoon the structure will be formally dedicated at ceremonies presided over by Councilman Joseph P. Smith.

LATEST LIGHTS IN CITY HALL

There'll be no excuse for city officials to work in the dark after they're moved into the new city hall, for, due to efforts of the Friend-Christy Light and Fixture Company, 211 North Main street, the latest indirect lighting system has been installed.

Chromium trims in a new design lamp are used throughout the building with special ornaments in the council rooms. E. E. "Christy" Christenson was in charge of the installation. The firm has been established in Santa Ana for the past seven years.

QUICK SERVICE BY LUMBER CO.

When the order went out for lumber or some other building materials for various parts of the city hall, the builders were assured of quick service with the Santa Ana Lumber company only a short distance away at their location, 1734 West Fourth street.

Established in Santa Ana since 1921, the lumber company is headed by E. G. Summers, president; R. A. Emerson, manager, and S. A. Clem, vice president and sales manager.

ART CEILING IN COUNCIL ROOM

When the modern interior ceiling design of the council chamber at the city hall takes you by pleasant surprise, you can credit its smart finish to Walter F. Sorensen, 206 North Main street, painter.

Dull blues, greens and tans have been used to make the four-point star effects, highlighted with silver elongated shadows. The artist, Mr. Sorensen, has been here since 1922.

All diamonds mined in Brazil would be marketed by the Banco do Brasil under a project being studied by the federal council for foreign trade to protect miners from speculators.

Ball, Honer Contractors on Building

Completion of Santa Ana's new city hall at Third and Main streets is another milestone in the history of Ball and Honer, general contractors on the structure. This firm, composed of Harry Ball and Allison Honer, was awarded the contract for the building on Jan. 21, 1934. Construction started on April 18, 1935, after the city had complied with all regulations of the Public Works administration, which assisted in financing the project.

The firm of Ball and Honer has been identified with construction of many important business and civic buildings in Santa Ana, and has been particularly known also as a developer of some of the fine subdivisions where outstanding homes have been built.

Partners Six Years
Mr. Ball and Mr. Honer entered partnership about six years ago, but for a like number of years prior to that time had been associated in development of subdivisions and erection of homes in them. Their office is located at 103 East Third street.

In 1920 Mr. Ball came to Santa Ana from Michigan and entered the real estate business. One of the first developments in which he was interested was a 20-acre tract known as Suburban Acres on West Seventeenth street. Many of the homes in this district were constructed by Mr. Honer. Development of this tract has done much to provide an attractive approach to Santa Ana from the west.

Developed Floral Park
Development of the firm's Floral Park tract, in which Greenleaf, Heliopole and Flower streets have developed into one of the most attractive sections, began 7 years ago.

Recently, six acres more have been added to their holdings, between King and English streets, in the suburban homes tract.

Among the larger buildings constructed by Ball and Honer are the Chevrolet garage, the drive-in market building at Bristol and Washington streets, the Yale apartments on North Broadway, the Rensberg market at Seventeenth and Main streets, and the Bel-Air apartments on Spurgeon street.

Honer Here 13 Years
Mr. Honer, who handles most of the construction end of the business, came to Santa Ana about 13 years ago. He served as president of the Builders Exchange from 1927 to 1929, and was elected the first president of the Orange County General Contractors' association three years ago.

Mr. Ball, who specializes in the real estate phase of the business, has been largely responsible for development of some of Santa Ana's finer residential sections.

FIRST SEAT OF GOVERNMENT LOCATED ON SAME SPOT

Col. S. H. Finley Mayor When Edifice Was Built
In 1904; \$70,000 Bonds Voted for Structure
To Replace Old Quake-Damaged Building

Santa Ana's new city hall is another monument to the progressive spirit which marked rebuilding of damaged structures following the earthquake of March 10, 1933. It has risen to completion on the spot where the city's first seat of government was erected in 1904. Its cornerstone contains the same records which were in the cornerstone of the original city hall which it replaces.

When it became necessary to demolish the former structure after the earthquake, the city offices were moved to the Santora building. Public spirited citizens began a movement for erection of a new city hall. C. H. Chapman, James Harding and W. B. Martin were the committee which brought the matter before the city council and started action which led to launching of the project. A petition asking such action was presented to the council on Oct. 16, 1933.

LUMBER FOR JOB BOUGHT LOCALLY

Associated Dealers Had
Contract on Hall's
Builders' Supplies

All lumber and builders' supplies used in the new city hall were purchased locally with the result that approximately \$48,000 for materials was placed in local circulation in just one line of industry.

The contract for lumber, sand, rock, gravel, cement and mill work was awarded to the Associated Lumber Dealers of Santa Ana, with offices in the Hill building. It was procured among the member groups and others.

Members of the organization are: Barr Lumber Company, Frank Curran Lumber Company, Liggett Lumber Company, C. H. Chapman Lumber Company, Van Dien-Young, Santa Ana Lumber Company, Whitson Lumber Company and the Santa Ana Cabinet and Fixture Company.

When the contract was awarded the Associated Lumber Dealers, it was understood by Ball and Honer, contractors in charge of the city hall construction, that it would be equally divided among the member dealers with each organization receiving its full share of the amount of the bid.

The cooperative method of supplying lumber and materials, according to the contractors, proved very satisfactory.

RELIEF WORKER SUICIDE

LOS ANGELES, Dec. 2. (AP)—In a downtown alley, police found the crumpled body of Frank W. Blumie, gray-haired relief worker, a suicide. In the man's fifth-floor apartment above, police found a farewell note: "I've taken it on the chin until my chin is worn out."

Bond Issue Voted
On Dec. 19, 1933, the voters approved a \$70,000 bond issue, which has been matched by grants from the Public Works administration. The contract for the structure was awarded to Ball and Honer, and on last April 18 the work got under way.

Santa Ana's first city hall was built on the same site at a cost of \$20,000. Col. S. H. Finley was mayor at that time. He was honored at the cornerstone laying ceremony for the new city hall on last July 30. Other living mayors who were introduced then are A. J. Visel, J. W. Tubbs, J. G. Mitchell, Frank Purinton, John Knox, Paul Witmer and E. G. Warner.

"Chinatown" Burned

One event of an unusual nature which occurred shortly after the first city hall was built was the city's "municipal fire." At that time "Chinatown" was located on the city hall block. An investigation revealed that it was not only a blot on the landscape but also a refuge for vermin and disease. The late George Edgar, chairman of the board of trustees, led a movement for destroying the place by fire. Its inmates were ordered out and the shacks were burned. The Chinese were given huts near the Santa Ana river.

The presence at the cornerstone ceremonies of W. H. Spurgeon, who placed the records in the stone, provided another link with the past, for it was his father who founded the city of Santa Ana in 1889. The original townsite was recorded Dec. 13, 1870. The city was not incorporated, however, until 1886. This was at the beginning of the great land boom which swept Southern California and transformed it from a sleepy country enveloped in the atmosphere of the great west.

Citizens of SANTA ANA!

we congratulate you on the completion
of your beautiful new City Hall

because:—

It is modern in architectural design, arrangement, lighting and heating. The heating is safe, clean, quick and convenient because it is electric—and further, because it is Thermador heat.

Thermador modern electric Air Heaters and Water Heaters are used not only in your fine City Hall but also by thousands of your neighbors in Orange County and throughout the country.

Your home, too, can be modernized with this same economical, clean and safe heat.

To the Honorable Board of Trustees,
City of Santa Ana,
Santa Ana, Calif.

Gentlemen:

By making the New City Hall ALL
ELECTRIC you recognized, as do
many new home owners, the trend of
the times.

Your wisdom and foresight in choos-
ing Electric Heat for this modern
building will be recognized more and
more as the years pass by.

We congratulate you,

Sincerely,

VENTILATION MODERN IN CITY HALL

Fresh air parking may not be
any added pleasure for a 1936
streamline, but having the base-
ment of the city hall, where the
cars are parked, properly ven-
tilated, was decided very important
for the general air condition of the
building.

The Payne Furnace and Supply
company at 413 East Fourth
street installed the system of gal-
vanized iron ventilators in the
basement and the courtroom. N.
R. Soucie is manager of the
branch which has been in Santa
Ana for more than four years.

FINE FINISH ON WOOD WORK

Diamonds in the rough, though
valuable, aren't desirable, and
neither, for that matter, is rough
wood. So the Santa Ana Cabinet
and Fixture Company, 913 East
Fourth street, was enlisted to
smooth down and give the Philip-
pine mahogany wood of the new
city hall a fine finish.

Cabinets and counters and the
mill work were the duties of the
company, which has been a Santa
Ana firm since 1919.

FITTS SEEKING EARLY TRIAL

LOS ANGELES, Dec. 2. (AP)—
District Attorney Buron Fitts and
his sister-secretary, Berthal Greg-
ory, today sought the "earliest
possible trial" of charges they
committed perjury before the 1931
county grand jury.

With their attorney, Jerry Geis-
ler, they waited for the case to be
called in master calendar court.

The alleged perjury occurred
during a grand jury investigation
of financial transactions asserted-
ly entered into by Fitts in con-
nection with his non-prosecution
of John P. Mills, San Diego real
estate man, on a morals charge.

STUDENTS SEEK NEW BUILDING

Students of the Julia Lathrop
Junior High school are going to
tell the world why they think
there should be a new auditorium
at the school. They will be in
charge of an assembly program de-
voted to this subject tomorrow at
12:40 p. m.

The assembly will be held in the
Lathrop shop building, referred to
by the students as the "tin can."
Students will tell why they think
the voters should approve a bond
issue at the Dec. 12 election, which
would finance building of an audi-
torium.

PARK ROAD NEARLY ALL SURFACED

With winter sports beginning in
Yosemite valley, oil-surfaced road
now prevails practically the en-
tire distance from Fresno via
Coarse Gold and Wawona in to the
national park.

This is the most direct route
from the south into California
famed wonderland. It is complete-
ly oil-surfaced with the exception
of 3 miles of good dirt road be-
tween Coarse Gold and O'Neals.
Latest reports to the Automobile
Club of Southern California tour-
ing bureau last week were that
there was no snow on the road.
Like the route into the valley from
Merced, it is expected that the
Wawona-Fresno route will be kept
open all year.

CURVES CUT OUT OF OLD HIGHWAY

The newly-opened Nojoqui grade
highway through Gaviota pass be-
tween Las Cruces and four miles
south of Buellton, Santa Barbara
county, contains only 11 curves of
long radius and clear vision where
formerly were 42 hazardous twists
and turns.

A 7 per cent grade on the old
road was transformed into a 6 per
cent. Although only 3.7 miles
long, the new alignment makes
possible a saving of almost a mile
and comprises another notable im-
provement in the Coast highway,
notes the Automobile Club of
Southern California.

Mr. Spurgeon, sr., was the first
mayor. The city was one of the
sixth class at this time. The other
trustees were J. T. Harlin, J. R.
Porter, John Avas and A. Snyder.
Samuel Wilson was clerk, C. J.
Mosbaugh was treasurer, Charles
H. Peters was marshal, J. W.
Turner was city attorney, C. W.
Humphreys was recorder, and
Adam Foster was chief of the fire
department.

Not until the city hall was

offices. They were located in va-
rious rented quarters from 1886
until 1904.

ASBESTOS IS ROOFING ON CITY HALL

"Rain, rain, go away—no, on the other hand, you can come any old time you want to."

So will think the employees in the new city hall, who know that the roof of the building will keep out the elements from above.

Ninety squares of 10 by 10 foot asbestos, three-quarters of an inch thick, were used on the roof, by the Kelly Roofing Company, 1119 West Fourth street.

E. H. Johnston, assistant manager, was in charge of the job for the company which has been in Santa Ana for the past 17 years. A 100 per cent Orange county personnel is employed by the company.

SOON TO FINISH HIGHWAY LINK

Construction of the second link of the new Riverside-Beaumont highway, from Box Springs grade to the bad lands, will soon be started, it is reported to the Automobile Club of Southern California engineering department.

With surveys completed and plans practically ready, State District Engineer E. Q. Sullivan advises that the contract for the 8.9 miles of grading and surfacing will be awarded in the near future.

Many motorists initiated the 6.8 mile section of fast, modern highway opened a week ago between the western end of the bad lands and a point directly west from the new road to the junction near Riverside.

The contract for the new part will provide that a short strip of about a mile from the present western end of the new highway to a point directly north of Moreno be built first. The county is expected then to grade and oil-surface Redlands avenue south from the new highway to Moreno, to provide a better connection for motor travel while the balance of the route is being constructed.

FEDERAL AGENT DUNN RESIGNS

LOS ANGELES, Dec. 2. (P)—Terminating by resignation his 17-year career as a department of justice agent, Joseph E. P. Dunn today awaited the appointment of his successor before leaving the federal bureau of investigation here for private business.

Dunn, chief of the local bureau since 1931 and former holder of important posts in San Francisco, Seattle, Chicago and New York, expressed regret at leaving the government service, but explained, "I feel I can do better by engaging in private practice."

He was in charge of forces that solved the Gittle kidnapping case here in 1934.

HEALTH UNIT TO MEET TONIGHT

George W. Braden, Pasadena, regional secretary of the National Recreation association, will be speaker at a dinner meeting of the Orange county unit of the Health, Physical Education and Recreation association of California at a meeting at 6:30 o'clock this evening in Garden Grove High school, it has been announced.

John L. Mitchell, Garden Grove, president of the county unit, will preside, and P. T. A. members and others interested in work of the group have been urged to attend.

ASKS DAMAGES FOR INJURIES

Charges of wilful misconduct and accusations of drunkenness were contained in a damage suit started in superior court Saturday by Miss Margaret Beitzel against C. O. Newton.

The suit, prepared by Loren Smith, Santa Ana attorney, demands damages amounting to \$10,000 for injuries sustained by Miss Beitzel when the automobile in which she was riding with Mr. Newton turned over near Lake Henshaw.

Miss Beitzel alleges that when she and Mr. Newton left Santa Ana Sept. 22, last, for the lake in San Diego county her host was sober. On the trip, however, she charges that he started to drink liquor and became so intoxicated that he could not negotiate a turn in the road and his automobile ran into a roadside embankment and turned over.

rites WEDNESDAY FOR SANTA ANAN

Funeral services will be held at 9 a. m. Wednesday from St. Andrews' church in Culver City for Michael Keane, 74, of 910 East Sixth street, Santa Ana, who died in Santa Monica hospital Saturday night.

Mr. Keane was a well-known resident of Santa Ana, having lived here for the past 25 years. Burial will be in Calvary cemetery.

Little James Fowler, son of Mr. and Mrs. W. E. Fowler of Richmond, Va., cut a tooth when 10 days old.

A ROOF OVER YOUR HEAD

. . . isn't all that modern roofing materials are used for today. Further than just putting something between you and the weather, these new, improved materials add the safety of fire protection and the beauty of carefully planned color patterns. You will have these extra features in the next roof by buying Kelly Roofing.

We Point With Pride . . .

To the NEW CITY HALL for here the KELLY ROOFING COMPANY put on one of the largest all asbestos roofs in Orange county.

The Journal's Swap Column

The Swap Column is a gratis service found only in The Journal. It is in-
tended solely as a convenience for
exchanging articles. It is not desig-
nated as a sales medium.
Dealers will be permitted to use it.
No automobile or real estate adver-
tising will be published through the
swap offers to The Journal, 117 East
Fifth street, or telephone 3600.
Today's swaps follow:

Harbor boulevard, one-half mile
north of Chapman—Milk goat for
chickens or rabbits. Guns and mus-
ical instruments for gas and oil.
Will trade an upright piano,
grand piano action, in fine con-
dition, for cement work or what
have you? Phone 3911-W.

Chlorine, deadly gas, in combina-
tion with other chemicals, is an
efficient antiseptic.
